

PERSIA IS BONE  
OF CONTENTIONTROUBLES BETWEEN RUSSIA  
AND TURKEY GROW MORE  
SERIOUS.Acute Stage May Come at Any Time  
—Ownership of Strip of Land Has  
Been in Dispute for Two Centu-  
ries.London, April 6.—The relations  
of Russia and Turkey, which a few  
weeks ago caused the circulation of  
alarming reports, may at any moment  
reach an acute stage, and again the  
bone of contention will be Persia.At the close of the Russo-Japanese  
war Turkey moved some troops into  
the Persian province of Azerbaijan,  
a strip of land which has been in dis-  
pute of upwards of 200 years. Turkey  
claims this strip; Persia holds it,  
but the ownership has yet to be  
decided.Russia asserts that Turkey has  
been slowly moving her forces for-  
ward until they have gone even be-  
yond the disputed strip and now  
command the western part of Azeri-  
baijan from Lake Urmiah to the  
frontier and could easily attack the  
Russian province of Erivan.Turkey denies any aggressive in-  
tentions and declares her troops are  
in the disputed territory only as a  
temporary expedient awaiting the  
outcome of negotiations.An Anglo-Russian commission on  
the other hand, has reported that the  
Russian assertion is correct and  
shows that Turkey has taken pos-  
session of about 10,000 square miles  
of Persian territory.Russia suspects that some other  
power is behind Turkey. It is point-  
ed out that the acquisition of terri-  
tory on the Persian frontier might  
be accepted as compensation by Tur-  
key for the loss of Tripoli and the  
power that could bring about this  
exchange would please Italy. Ger-  
many, which has before tried to se-  
cure concessions on Lake Urmiah,  
is the power suspected.WILSON MADE  
FOUR ADDRESSESCandidate for President Nomination  
Spent Busy Day in Chicago—Made  
Appeal to Foreign Born.Chicago, April 6.—Governor  
Woodrow Wilson of New Jersey ad-  
dressed four large Democratic meet-  
ings here to night as the wind-up  
of his campaign for the primary  
vote for presidential delegates in  
Illinois.Governor Wilson dismissed the  
trusts, the money power, chastised  
the "interests" praised foreign born  
citizens and denied that he had ever  
voted anything but the Democratic  
ticket.He spoke first at South Chicago,  
at Lincoln Turner Hall, to a gather-  
ing composed largely of Polish-  
Americans, next at a downtown  
theater, then at Saint Ann's audi-  
torium, on the southwest side, and  
last at St. Stanislaus Hall, on the  
northwest side."When we speak of America,"  
said Governor Wilson, "we speak  
not of a race, but of a people. Af-  
ter we have enumerated the Irish-  
Americans, the German-Americans,  
the Jewish-Americans and the Pol-  
ish-Americans, who will be left?  
Settlers and the descendants of the  
settlers constitute the minority in  
America, and people of all the races  
of Europe a majority.""The term America is bigger than  
the continent. America lies in the  
heart of every man who wishes to  
find a region somewhere where he  
will be free to work out his destiny  
as he chooses."He briefly reviewed Poland's  
struggle for liberty.Speaking at the downtown theater  
meeting, Governor Wilson, said, in  
speaking of the money power of the  
country:"The plain fact is that the con-  
trol of credit is dangerously con-  
centrated in this country. The  
money resources of this country are  
not at the command of those who  
do not submit to the direction and  
domination of small groups of cap-  
italists, who wish to keep the econ-  
omic development of the country  
under their own eye and guidance.  
The great monopoly in this coun-  
try is the money monopoly. So  
long as this exists our old variety  
and freedom and individual energy  
of development are out of the ques-  
tion."SAFE BLOWER CONFESSIONS.  
Chicago, April 6.—A confession  
of guilt followed the arrival of Wil-  
liam F. Pecteau, charged with be-  
ing a member of a safe-blowing  
gang from Portsmouth, Ohio, to  
night. He and his wife were detain-  
ed there several days ago at the re-  
quest of the Chicago police. Pecteau  
implicated three other alleged  
members of the gang who were ar-  
rested here several days ago. He  
said it was his duty to act as "look-  
out" for the safeblowers. Coins  
stolen in one robbery with which  
the gang is charged, were found in  
Pecteau's suit case.VERMILYA JURY DISCHARGED.  
Chicago, April 6.—The jury in the  
case of Mrs. Louise Vermilya, charged  
with murdering Richard T. Smith, a  
railroad man, was discharged by  
Judge Sullivan to night, after mem-  
bers of the jury informed the court  
they could not agree upon a ver-  
dict. The jury had been out eight  
hours when it was discharged.  
Members of the jury, from the time  
the first ballot was taken, stood 9  
to 3 for conviction, it was said.

## WONDERFUL OPERATION.

Leipzig, Germany, April 6.—A re-  
markable operation has just been  
performed on an imbecile child by  
Prof. Erwin Payer, director of the  
surgical clinic attached to the Leip-  
sic university, with great success.  
The professor planted a piece of the  
thyroid gland taken from a healthy  
child born of a healthy mother into  
the liver of the imbecile child, who  
immediately afterwards began to im-  
prove in intelligence, which steadily  
increased until a complete cure was  
effected.

## EQUALLY DIVIDED.

Webster City, Iowa, April 6.—Al-  
though six delegates, who will rep-  
resent Hamilton county in the state  
Democratic convention were unin-  
structed when chosen at the county  
convention here to day, three Clark  
men were named and three Wilson  
supporters. The gubernatorial man-  
datory of E. G. Dunn of Mason City  
was endorsed.CULLOM WILL  
REMAIN AT POSTGravity of Mexican Situation Will  
Keep Senator in Washington  
on Election Day.Washington, April 6.—Senator  
Cullom of Illinois to day sent a dis-  
patch to his friends in his state say-  
ing it would be impossible for him  
to attend the primaries next Tues-  
day as the gravity of the Mexican sit-  
uation made it necessary for him as  
chairman of the senate foreign re-  
lations committee to remain in  
Washington. He declared optimisti-  
cally that his presence in Illinois was  
not needed as he felt assured of his  
re-nomination for the senate.

## ENGLISH MINING SITUATION.

London, April 6.—The decision of  
the miners' federation this afternoon  
to order the men to resume work has  
brought intense relief to the whole  
country, and raises a seige that has  
been ruining to business. In Scot-  
land the miners will return to the  
collieries on Monday, but as that day  
is a holiday in England and Wales  
the strikers will not return until  
Tuesday.ALLEN'S KINSMAN ARRESTED.  
Hillsville, Va., April 6.—Reuben  
Edwards, kinsman of Sidna Allen,  
the fugitive, was arrested to day,  
charged with aiding the outlaws to  
elude capture. He was locked up  
here to night with Jordan Edwards,  
a second cousin, who was taken in-  
to custody on the same charge two  
days ago. No trace of the two fugi-  
tives in the mountains was found  
to day.Washington, April 6.—Another  
bill calculated to reduce the high  
cost of living was introduced to day  
by Representative Doremus of Mich-  
igan, Democrat. It would place on  
the free list butter, eggs, potatoes,  
meats, lard and poultry. The bill  
was referred to the ways and means  
committee.TEN INCHES OF SNOW.—Ten  
inches of snow has fallen in Mani-  
tosh since last night. It is the heav-  
iest fall during the fall. Seeding of  
grain will be delayed for several  
days.Senate.  
Not in session.  
House.  
Met at noon.Continued debate on Indian  
appropriation bill with inten-  
tion of voting upon it before  
adjournment.Representative Randall was  
sharply criticized by several  
members when he explained  
that he meant no reflection up-  
on members in his speech  
Thursday. Intimating some  
were engaged in employment  
which his anti-corruption re-  
tailer fees bill would stop.Representative Sharp intro-  
duced a bill to create com-  
mission to investigate causes  
of railway wrecks.House agreed to put Panama  
canal government bill ahead.Representative Doremus in-  
troduced a bill to place but-  
ter, eggs, meat and poultry on  
the free list.A resolution proposing a  
constitutional amendment pro-  
viding for election of federal  
judges introduced by Repre-  
sentative Neely.Indian appropriation bill de-  
bate was not concluded and  
went over until Monday.Adjourned at 5 p. m. until  
noon Monday.

WILL INSPECT U. S. MUSEUMS.

Members of Royal Commission of  
Germany Here to Get Ideas.New York, April 6.—Dr. Count  
Von Podewitz-Durnitz, Dr. Von  
Borseth, lord mayor of Munich; Dr.  
Oscar Von Miller and Dr. Walter Van  
Dyck, members of the royal com-  
mission appointed by the German  
government to study art, architect-  
ure, museums, libraries and similar  
institutions in the United States, ar-  
rived to day on the steamship Ameri-  
ka. They were accompanied by a  
staff of several architects.The chief purpose of the commis-  
sion's visit is to obtain ideas and ex-  
amples for the new \$4,000,000 mu-  
seum which is to be erected in Munich  
in 1916. The commission will visit  
New York, Chicago, Philadelphia,  
Pittsburg, Detroit and other large  
cities of the country where there are  
museums of interest.

## MAY DISRUPT HUDSON HOME

Superintendent is Placed Under  
Heavy Bond on Charge of Attack-  
ing Girls.Chicago, April 6.—"Rev." Judson  
H. Hudson, head of the Hudson In-  
dustrial Home for Negro Children,  
was today placed under \$5,000 bonds  
before Municipal Judge Thomas Scully  
on charges of attacking two young  
girls. The hearing was set for April  
12th.The charges against Hudson were  
made by Mrs. Johanna Snowden and  
Miss Minnie Jones, juvenile court of-  
ficers, on the strength of statements  
made to them by Lizzie Kelly, a 14-  
year-old girl, of Danville, Ill., and  
Janie Keenan, 16 years old, of Chi-  
cago.On Monday next, probation officials  
will file suit for the purpose of dis-  
rupting the Hudson school. The  
probation officers will ask that all  
children at the school be sent to  
state institutions.

## HAS APPEALED CASE.

Freepoint Man Sentenced Under Vag-  
rancy Act Seeks Relief From Ap-  
pellate Court.Freepoint, Ill., April 6.—J. P.  
Covey of Freepoint, said to be a  
professional gambler, who recently  
was sentenced to 90 days in jail un-  
der the vagrancy act, to day appeal-  
ed the case to the state appellate  
court. He declares that a man who  
has ample funds to supply himself  
cannot be held guilty legally under  
the vagrancy act.Covey was convicted under a Illi-  
nois statute enacted in 1875, and  
which was amended in 1877. So far  
as is known here, his case is the  
first of the kind to be carried to a  
higher court for decision.

## HELD TWO CONVENTIONS.

Sioux City, Iowa, April 6.—The  
Woodbury County Democratic con-  
vention held here this afternoon to se-  
lect twenty delegates to the state  
convention, resulted in a fight be-  
tween the Charles Clark and the  
Woodrow Wilson forces.After several verbal clashes be-  
tween leaders from both wings of  
the party, the Wilson men bolted  
and held a separate convention.  
Each convention named a set of  
delegates to the Democratic state  
convention.

## ATTACKED MINE EMPLOYERS.

Steubenville, Ohio, April 6.—When  
pumpmen and trackmen of the Unit-  
ed States Coal company left the  
Bradley mine of that company today  
they were attacked by Italian miners  
and there was a hand to hand battle  
in which several on both sides were  
severely injured and many die.  
Trackmen and pumpmen were kept at  
work under the laws of the state  
because of the wage scale conference,  
and the Italians took exception to  
this.

## NEVADA FOR TAFT.

President Won Out in Primaries  
Held Saturday.Carson City, Nev., April 6.—Taft  
won throughout the state in the  
primary election here to day. The  
Roosevelt ticket was defeated by ap-  
proximately one-fourth of the total  
vote.The election brought out more vot-  
ers than any election of like nature  
in a number of years. Governor  
Oddie and a number of state office  
holders supported Roosevelt.TWO MORE LEVEES  
BROKE SATURDAYLARGE AREA OF FARMING LAND  
INUNDATED.Breaks Occur on Mississippi River  
in Arkansas—Situation at Red  
Foot Could Be Worse—Greatest  
Loss Has Been to Livestock.BULLETIN.  
Memphis, Tenn., April 7.—A tele-  
phone message at 2 o'clock this  
morning from Helena, Ark., reports  
the collapse of the Mississippi river  
levee at about 30 miles south of  
Helena, in Phillips county.Two more important Mississippi  
river levees broke yesterday, flooding  
a large area in addition to that al-  
ready inundated. The first of these  
breaks was at St. Clair, Ark., which  
led the water into the St. Francis  
basin. The other was at Wynok-  
Landing, Ark.Water from both these breaks al-  
timately will flow into the St. Fran-  
cis river and back into the Mississippi  
near Helena, Ark., but doubtless will  
do great damage and cause much  
suffering before it has finished its  
course in the St. Francis basin. The  
St. Clair break already has inun-  
dated twenty square miles near Mar-  
ion. Water from the Wynok-  
Landing break is sweeping over a  
large sparsely settled area. The big  
levee at Golden Lake, Ark., several  
miles above the St. Clair break, is  
expected to go out any minute.The situation at Red Foot could  
be much worse. The greatest loss  
has been to livestock that could not  
be rapidly moved when the lowland  
dwellers were warned that the levee  
had gone out. It is reported two  
children were drowned in the onrush  
of water, but this could not be con-  
firmed.The situation at Hickman was  
greatly improved yesterday. The Mis-  
sissippi river fell eight inches in 24  
hours.Improvement at Hickman.  
Hickman, Ky., April 6.—There is  
a distinct temporary improvement in  
the flood situation here to night. The  
Mississippi river has fallen eight  
inches in the last 24 hours. This  
decline is attributed to the break in  
the levee six miles below here yes-  
terday. The muddy waters are  
swirling through this breach at a  
terrific rate inundating the territory  
behind the levees estimated to be 500  
square miles.Crest of Flood Reached.  
Cynthiansville, Mo., April 6.—  
The Mississippi river reached what  
is expected to be the crest of the  
flood here to day with the gauge  
reaching 42.5 feet. The flood broke  
all records by 1.7 feet, and the wa-  
ter was stationary during the day  
with a falling tendency. The levee  
is holding along the entire length of  
the lower St. Francis levee district  
in Missouri.Washington, April 6.—In his spe-  
cial river bulletin issued tonight the  
weather bureau says:With the upper Ohio and upper  
Mississippi rivers falling very slow-  
ly, the situation at Cairo is more fa-  
vorable than at any time since last  
Monday. At 7 p. m. Saturday the  
river gauge read 51 feet, and the  
crest stage cannot be much over 51  
feet.In the Memphis district conditions  
have become more serious. The  
break in the levee below Hickman is  
now said to be about 1,000 feet wide.  
Breaks are expected at any moment  
at Pecan Point and Golden Lake,  
Ark.There is said to be no hope of sav-  
ing the St. Francis levee and the  
people are hurrying out of the dis-  
trict.The Arkansas levee near Holy  
Bush, twelve miles above Memphis,  
broke late Saturday afternoon and  
Citizen county and the region to  
the southward will be flooded. Efforts  
to save the levee at Hubbard,  
Ark., a few miles below Memphis,  
have been abandoned.As a result of the breaks the river  
at Memphis is falling slowly, stand-  
ing at 45.1 feet at 7 p. m. Saturday,  
a fall of 2 feet since 4 p. m. Below  
Memphis conditions have not chang-  
ed materially.

## Farmers Alarmed.

Jerseyville, Ill., April 6.—Farmers  
in the Nutwood drainage and levee  
district west of here, were alarmed  
to night when they learned that the  
waters of the Illinois river were  
within 21 inches of the top of the  
levee, and that the pumps had been  
forced to stop because of a shortage  
of coal and oil. If the waters should  
pass the levees 15,000 acres of rich  
farming land would be inundated.

## ST. LOUIS NATIONALS WON.

Defeated Americans by Score of 9 to  
7 by Batting Rally.St. Louis, April 6.—A batting ra-  
ly which netted five runs in sixth in-  
ning today enabled the St. Louis Na-  
tionals to defeat the local Americans,  
9 to 7. The Nationals won the spring  
series by four to two.In the sixth inning Harry Stein-  
feldt, of the Nationals, coaching at  
third base, and "Jimmy" Austin, of  
the Americans, had a fist fight, after  
Mawrey slid into Austin and Austin  
pinned Mawrey down. In an alterca-  
tion which followed Steinfeldt hit  
Austin, who knocked Steinfeldt  
down. Police interfered and later  
the players shook hands.

## LAD OFF SHOPS.

Springfield, Mo., April 6.—The  
Frisco railroad laid off 1,600 shop-  
men here to day on account of the  
flood in Southeast Missouri and  
Arkansas.STRENUOUS DAY  
FOR LAFOLLETTEPUT IN FOURTEEN HOURS OF  
SPEECH MAKING.Wound Up Day With Address at  
Omaha—Says Taft and Roose-  
velt are "Standpatters"—Paid  
Particular Attention to "Money  
Trust."Omaha, April 6.—United States  
Senator Robert M. La Follette  
wound up a fourteen hour day with a  
speech in the auditorium in Omaha  
to night, in which he gave particular  
attention to the "money trust" and  
its "standpatters."He also paid his respect to Presi-  
dent Taft and former President  
Roosevelt, both of whom he termed  
"standpatters." Incidentally he at-  
tacked a local Republican paper as  
being in the same class.Senator La Follette reported for  
the first part of the address he deliv-  
ered at Lincoln last night."They say I am a dangerous  
man," said the senator, "and I am  
ready to admit it. I am dangerous  
to the men and interests who make  
that charge against me. The money  
trust is controlled by one man and  
one corporation, the greatest this  
country has ever known."  
The senator again declared he was  
for revision of the tariff downward  
and pointed out his reasons. He  
said that former President Roosevelt  
had not been required to force that  
issue and that President Taft did not  
dare to do so.

## AID SENT FOR FLOOD SUFFERERS

War Department Sends \$30,000 to  
Flooded Districts—Officers Will In-  
vestigate Needs.Washington, April 6.—The war de-  
partment has ordered five officers to  
flooded districts to investigate  
the needs of the people and to report  
to Washington.Captain Hegeman of New Madrid,  
Mo., reported today he would need  
supplies for about 1,000 people a  
day. He was directed to draw ten  
days' supplies from the St. Louis  
army depot. The war department  
plans to lay most of the food sup-  
plies from merchants in the flooded  
districts.Commissary General Sharpe today  
placed \$20,000 at the disposal of the  
officers in the flooded districts.Interruption of the mail service in  
the Mississippi valley is the most  
serious in the history of the postal  
service. Postmaster General Herch-  
cock said today. Scores of towns in  
the lower valley are completely iso-  
lated so far as mail communication  
is concerned and the situation is  
growing worse.

## EARLY ACTION FOR

PANAMA CANAL BILL.

Washington, April 6.—Because of  
the urgent necessity for making  
preparation for the opening of the  
Panama canal, the house today  
agreed to put a head bill provid-  
ing for the operation, government  
and sanitation of the lock and  
canal zone. Chairman Adamson  
of the Interstate and Foreign Com-  
merce committee pleaded for early  
action because of the necessity for  
the legislation at this session and the  
fact that the senate had indicated its  
intention of spending much time on  
the measure.

## FLOODS, FIRES AND STORMS.

Farro, N. D., April 6.—Westward  
North Dakota to day faced floods,  
the people of the central part of the  
state fought prairie fires, and the  
Red River Valley on the east was  
visited with a snow storm and high  
winds which reached a velocity of  
38 miles an hour.In the slope country along the  
Missouri river the flood situation is  
serious to night. Rivers are run-  
ning bank full, and cattle and horses  
to night stood in water two feet  
deep. A prairie fire started on a  
farm south of Steele and was stop-  
ped only after several hundred ac-  
res had been burned over. Snow  
fell in the Red River Valley at in-  
tervals throughout the day. Tem-  
peratures dropped from 85 to 2 de-  
grees above freezing.

## WILSON FOUR: CLARK THREE.

Des Moines, Iowa, April 6.—Wood-  
row Wilson adherents won four out  
of the nine Democratic county con-  
ventions held in Iowa to day, accord-  
ing to reports here to night. Clark  
won three. In Woodbury county, in  
which Sioux City is located, there  
were two conventions, one electing  
a delegation for Clark and the other  
Wilson delegates.After refusing to permit the  
reading of resolutions endorsing  
William J. Bryan for the presidency,  
and instructing the delegates to the  
state convention to vote for national  
delegates opposed to the Nebraska  
law, the county Democratic con-  
vention here to day instructed its de-  
legates for Woodrow Wilson.

## AMENDMENT IS PROPOSED.

Washington, April 6.—A consti-  
tutional amendment providing for the  
election of federal judges was pro-  
posed in the house to day by rep-  
resentative Neely of Kansas.Mr. Neely's resolution would limit  
the tenure of office of district judges  
to six years and provide for their  
selection by the regularly qualified  
voters of the district. It would not  
change the existing constitutional  
method of selecting the judges of  
the superior federal courts.

## FIRST GOLF GAME.

Washington, April 6.—President  
Taft played his first game of golf of  
the spring season today, defeating  
General Clarence R. Edwards, chief  
of the bureau of insular affairs, by  
one hole.CONDITION BETTER  
NOW AT CAIROFEELING PREVAILS RIVERS  
WILL SOON BEGIN TO FALL.Force of Levee Workers Around  
City Doubled—Distress and Des-  
tation Reported Among Poorer  
Classes—River at St. Louis Sta-  
tionary.Cairo, Ill., April 6. The Ohio  
river, which, with the Mississippi  
river, surrounds Cairo, showed 54  
feet on the government gauge to  
night, and it had rising tendency.  
The conditions here, however, are  
believed to be more favorable than  
they have been since the rivers went  
above the danger mark.The breaking of the levee south  
of here has caused a feeling here  
that the river will soon begin to  
fall.The force of levee workers around  
the city was doubled to night and  
100,000 sand bags were distributed  
around the levees at convenient  
places in readiness for repairs in  
case they are needed.There is not a dry acre on the  
east side of Mississippi county, Mo.,  
and the Mississippi river is sweep-  
ing through the country with great  
violence, while there is distress and  
desolation reported among the poor-  
er classes.In the flooded drainage district  
adjacent to Cairo on the north, build-  
ings were carried more than two  
miles from their original sites.

## Flood Conditions.

St. Louis, Mo., April 6. The river  
was stationary at 29.7 feet here to  
day. Reports received from La-  
Grange, Mo., said that the flood  
stage of the Mississippi river has  
isolated LaGrange and all towns on  
the Missouri side of the river from  
Keokuk, Iowa, to Quincy, Ill. The  
water has spread over the tracks of  
the Burlington railroad and traffic  
has been suspended between river  
crossings for a distance of 10 miles.  
The rich bottom lands are covered  
by water. The crest of the flood is  
expected to pass Hannibal to night  
with a stage of 18.8 feet.

## CLARK IN KENTUCKY.

Speaker Talks to Democrat at Louis-  
ville.Louisville, Ky., April 6.—Speaker  
Champ Clark made the chief address  
here to night at a banquet dinner  
largely attended by Kentucky Demo-  
crats and given in celebration of the  
birthday of Thomas Jefferson. Speak-  
er Clark eulogized the author of the  
Declaration of Independence, credit-  
ing Washington only with having  
done more for the American nation.  
Incidentally he alluded to the fact  
that President Taft's exercise of the  
power would receive rebuke at the  
hands of the voters.With Speaker Clark on the pro-  
gram were Governor McCreary,  
Gov. Governor McElwaine, J. Ham-  
ilton Lewis and former United States  
senator J. C. Blackburn.

## ROOSEVELT DELEGATES.

Kansas City, Mo., April 6.—Theodore Roosevelt carried the presi-  
dential preference primarily in Wy-  
andotte county, Kansas, to day by an  
overwhelming majority. Returns  
from 54 out of a total of 80 precincts  
gave Roosevelt 1,632; Taft, 1,041;  
La Follette, 6. The thirty-six delega-  
tes to the state convention and thirty-  
six to the congressional conven-  
tion were instructed therefore for  
former president. Franklin A.  
Johnson counties also elected Roose-  
velt delegates to the state and  
congressional conventions to day.

## WORK OF BLACKHAND.

Chicago, April 6.—Blackhand so-  
ciety members are believed by the po-  
lice to be responsible for the murder  
of Frank Pardo in the Italian dis-  
trict to night. Pardo was shot as he  
stepped from a grocery. Several  
suspects are held by the police, but  
as yet no witness to the shooting has  
been found. Pardo is said to have  
received several threatening letters  
recently. He had been active in aid-  
ing the police to arrest law violators

**MRS. BOSTON DEAD.**

Answers Final Summons At Home Northeast of City.

Mrs. James Boston died at 7:30 o'clock Saturday at her home 2 1/2 miles northeast of the city, after an illness of three weeks. Mrs. Boston was a daughter of John and Eliza Alexander and was born near Nortonville May 25th, 1857. She was married eighteen years ago, January 5th to James Boston, who survives her together with one sister, Mrs. Anna Groswood of Springfield and two nieces, Mrs. Arthur Burbank and Mrs. Bessie Fitch of Springfield.

Deceased was a woman of beautiful Christian character and was a faithful member of the Baptist church.

Funeral will be held at 2 o'clock Tuesday afternoon from the First Baptist church in charge of Rev. W. L. Dorgan. Interment will be in Diamond Grove cemetery.

**TO HEAR AN ALLSTAR COMPANY**

When one stops to consider the world's famous artists who will be heard at the Grand opera house Tuesday evening, April 9, when the Sheehan English Opera company will present the great comic opera success, "The Love Tales of Hoffman," there is little wonder that orders are pouring in from the entire surrounding country and all indications point to the largest attendance which the Grand Opera house has had for a long time.

"The Love Tales of Hoffman" for the past few years has been the musical sensation of the opera going public in Europe and America, and Mr. Sheehan was quick to take advantage of its vogue to present it in English to his admirers. It offers splendid opportunity to a tenor and the score gives him plenty of solos as well as providing star parts for other members of the cast. "The Love Tales of Hoffman" is staged in a prologue, three acts and an epilogue telling a story of great dramatic interest.

**GLEE CLUB CONCERT.**

**IMPORTANT LETTER TO ALL WHO SUFFER.**

"I suffered from indigestion for a long time. Last May I almost died. The doctor told me it was acute indigestion and I could not be cured. Since that time I have suffered very much, as some days everything I ate, even light food, as soft boiled eggs, would distress me. I lost fifteen pounds. Sometimes I felt that I could not live another day. A month ago I got a box of MI-O-NA tablets. Before I had used them a week I was better. I have used two boxes and I feel as well as I ever did. Eunice A. Peters, Jackson, Ga.

Use MI-O-NA stomach tablets for quick relief from sour stomach heaviness, heartburn, belching of gas and distress after eating. They are guaranteed. Large box 50 cents at Coover & Shreve and druggists everywhere.

**Chester W. Church.**  
Candidate for Republican Nomination for Secretary of State.

Chester W. Church, Republican candidate for secretary of state, is a practicing lawyer of Chicago and a member of the Illinois General Assembly. He is a native of central Illinois. He is familiar with the duties of the office and thoroughly qualified to perform them. If elected he pledges himself to an economical and efficient administration.

The present secretary of state (Rose) has held the office so long that he regards it as his personal asset.

He uses the resources of the office to carry on his personal political campaign contrary to the state civil service law. He brags about the increase in the business of his office since he was first elected. It has increased. Its a long time. Sixteen years. He claims credit for having devised new ways of extracting fees from the public which none of his predecessors ever thought of. That's true, and those fees are an additional tax on the people and were devised largely in the interest of the secretary of state.

Chester W. Church advocates publicity in the secretary's office, the retention on the payroll of such employees only as are necessary adequately to transact the business of the office and a thorough renovation of the conditions long existing there.

The candidacy of Mr. Church for secretary of state is based on the theory that Illinois needs a new deal in some of the departments of the state government and that the Republican party needs some new timber on its state ticket.

## Here is the Most Daring Hosiery Offer We Have Ever Made:

### Regular 15c Whit-Leather Hose Now 10c

This is not a special sale, nor an introductory sale, but the result of a genuine determination to give our patrons the very best hosiery values ever offered. Whit-Leather Hose need no introduction. We have been selling them for two years and in that time only two complaints have been registered. Did you ever hear of any other make equaling this record? We never did. Consequently we have decided that Whit-Leather are the best hose made—and to make a GOOD thing BETTER have reduced the price from 15c to 10c straight per pair. You positively cannot beat this offer anywhere. No need trying.

## WHIT-LEATHER HOSE

For Women and Children.

are durable, stainless, elastic, economical. They are made to give service, tough as whit-leather. We guarantee every pair to wear to your entire satisfaction. If you are not pleased with the service they give—and we leave the matter of how long they should last entirely up to you—return them and we will give you a new pair or refund your money. That is just as far as we know how to go in guaranteeing hosiery.

Below we give a schedule by which you may determine the size of hose and shoe required for children of a given age. Cut it out for future reference. It will prove quite helpful.

Age.	Shoe.	Hose	Age.	Shoe.	Hose	Age.	Shoe.	Hose

## Arts and Crafts in Basketry

We have just received our new spring line of Hawkeye Baskets. These baskets are made by expert craftsmen, some of whom have spent their entire lives in perfecting themselves in the art of basket weaving. The workmanship is not only the best that can be produced, but the materials are of the highest quality that can be had anywhere. In addition to the odd and quaint constructions one of the chief charms of our baskets lies in the artistic colorings. The soft, subdued craftsman colors, blend readily with almost any surroundings.

## ELECTION DAY NOW NEAR AT HAND

Ballots Are Ready for Distribution to Election Officials—Polls Open Tuesday at 6 O'clock—Where to Vote.

County Clerk Boruff and his assistants had a busy time Saturday getting all ballots in readiness for delivery to election officials. The fact that the presidential ticket could not be certified by the secretary of state until Friday necessarily caused some delay in the work. The sample ballots are printed elsewhere in this paper and it will be noted that on the presidential preference ballot no socialist or prohibition nominees appear. Only the Republican and Democratic candidates were certified. The polls will open at 6 o'clock and close at 5 o'clock. A cross in the square opposite the name of a legislative candidate will give him three votes if no marks are made in squares opposite the names of other legislative candidates. A cross in two of these squares will mean a vote and a half for each and if a cross is placed in squares opposite the names of three legislative candidates, each will receive one vote.

### MR. RUSSELL'S CAMPAIGN.

The campaign for election in the primaries next Tuesday is now practically at an end as it is unlikely that many votes will be changed between now and election day. Andrew Russell has just concluded a very active campaign in seeking the Republican nomination for the state treasurer and he can look back now with nothing to regret. While he has been active in his own behalf he has taken no unfair or ungentlemanly methods in seeking to outstrip the other candidates for the same post. Thirty-eight years ago Mr. Russell entered upon his banking career in Jacksonville and ever since that time he has been engaged in that work. No man is better qualified than he for the position which he is seeking. For almost 38 years he has been an active Republican worker and no candidate can claim to have fought more consistently for the success of the party than he has.

When Mr. Russell was the state treasurer for two years he increased the efficiency of the office and paid into the state nearly \$100,000 interest on funds. During that term of office he also devoted such attention to the collection of money due the state by reason of the inheritance tax that the returns to the state were over \$2,000,000.

A man with high ideals of personal conduct, exemplary in his private life, believing in the strictest integrity for public officials, Mr. Russell is certainly entitled to public confidence.

### NORTHMINSTER CHURCH

GOV. BALL WILL ADDRESS DEMOCRATS.

Meeting to Be Held Monday Night at Court House in Support of Champ Clark's Candidacy.

Gov. Ball of Missouri will come to Jacksonville tomorrow and at night will make an address in the court house in advocacy of Champ Clark for the Democratic presidential nomination. This arrangement was made Saturday, when W. T. Farmer of Bowling Green, Mo., was in the city and had a conference with C. W. Houston, chairman of the Democratic county central committee, and others. Speaker Clark seems to have a lot of admirers among local Democrats and the chances are that there will be quite a gathering Monday night. It has been announced that there will be no attack on Gov. Wilson or anyone else, simply a presentation of the claims being made for Clark.

Open evenings until further notice, Myrick & Co., Cycle Smiths.

John R. Jameson has taken a position in G. V. Skinner's blacksmith shop in order to help with the growing business there. Mr. Skinner has one of the best equipped shops in the city and is now devoting special attention to sharpening of tools used on the farm.

## Uncle Sam Buys a Buick Motor

A model 28 Buick motor car was delivered to Colonel Spencer Crosby of the Department of War at Washington, to be used by the inspector of buildings and grounds on his daily trips.

The government invited all the leading manufacturers of cars priced from \$900 to \$2,000 to submit a car in competition to a committee of expert mechanical men. These cars were driven to the designated place and the drivers dismissed.

The examination was then made with no representative of any of the cars present. Motor for motor, shaft for shaft, bolt for bolt, the cars were compared, tested and appraised by the government experts. One by one the cars were eliminated until but one remained. It was the Buick.

Of the seventeen or eighteen cars submitted the Buick alone stood the rigid test of quality and construction, upon which the examination was based. This car was at once turned over to the government for immediate service.

## DEATHS AND FUNERAL

**Cox.**  
The funeral of Miss Lillian Cox was held at 10 o'clock Saturday morning from the residence of Henry Norrup, 636 South Fayette street, in the presence of a large gathering of relatives and friends. The services were in charge of Rev. Clyde Darrah, pastor of Central Christian church, who read from the twelfth chapter of St. John and spoke beautifully of the life of the deceased. A quartet composed of Miss Cora Graham, Mrs. Gregory Clemmons, Arthur Cody and Rev. Mr. Darrah, sang with tender effect, "One Sweetly Solenn Thought," "Beautiful Isle of Somewhere" and "Safe in the Arms of Jesus." There were many beautiful flowers, which were kindly cared for by Miss Lillian Weeks, Miss Nina Rutherford and Mrs. Robert Mullenix.

Interment was in Diamond Grove cemetery and the bearers were Alfred Cox, John Mullenix, Walter, Elmer and Lawrence Brockhouse and Everett Weeks.

Funeral services for the late Mrs. Mary Taylor, who died at her home, 1004 North Moody, Saturday afternoon, were held at 2 o'clock Sunday morning from the home of her daughter, Mrs. J. H. Taylor, 1004 North Moody. The services were in charge of Rev. ## Anderson's Zephyr Gingham

THE BEST IN THE WORLD

WE are the agents for Jacksonville for these celebrated goods. They are thoroughly advertised in all the Fashion Magazines. They are 32 inches wide and sell at 15c and 25c per yard. They surpass any gingham for quality. The styles are always new and beautiful. They come direct from Glasgow, Scotland. The colors are clear and permanent. The fabric singularly even, smooth and silky. The ZEPHYR GINGHAMS come in matchless styles and colors. The Tissues have all the wear of gingham and the thin sheer quality of fine lawns. These goods appeal to and prudent buyer. You know you are getting the best. Not "just as good" as the Anderson, but the genuine article. This week we will show ANDERSON GINGHAMS in BOTH WINDOWS all the week. We have added another feature. We are showing beautiful dresses made from our goods. We let you buy your own gingham and get your dress made for you in one of our up-to-date costumes we are showing satisfaction guaranteed. Don't fail to look into this. If you can't get a dressmaker you won't have to be disappointed.

## THE WEATHER OUTLOOK

Predictions Not Promising For Today--Showers Are Likely.

Washington, April 6. Predictions tonight for the day weather were depressing. "Winds from the south may bring in the morning, there is a possibility of all rain showers in the eastern and northern parts of the United States, and the latter part of the day may be clear. Although fair weather may prevail in the south, it is not a probability of afternoon rain."

The forecast tonight, according to the United States Weather Bureau, is for a fair to cloudy day, with a chance of rain in the morning and a chance of fair weather in the afternoon. A fair to cloudy day is predicted for all the regions except the northern Pacific coast, where showers are indicated.

Fair and cooler weather is predicted for Chicago and St. Louis.

## ATTEMPT JAIL DELIVERY.

Sheriff W. B. Rogers frustrated a jail delivery at the county castle a few days ago. One of the prisoners had secured a ten-penny nail, by means of which he had removed the window from between a large number of bricks. The bricks were carefully put back and soap was used to fill the space between the bricks. The prisoner had also discovered that one of the window weights was a handy thing to work with and was used to good effect. No prisoners are allowed in the corridor at night, so it would have been quite a difficult thing for the man to make his escape in the day time. Sheriff Rogers is discovering the work of the prisoner after the first inside layer of bricks had been removed.

## Battle of Shiloh Was Raging Fifty Years Ago To Day

Dr. C. M. Vertrees Tells Impressions of Memorable Conflict—One of Seven of His Company Escaping Injury—The Journal's Bulletin of the Battle.

Fifty years ago Saturday and to day the great battle of Shiloh was fought. It was one of the great battles of history and its importance has gained recognition with passing years. It was a battle in which were included half a dozen smaller battles. It was a battle where conditions were such that there was almost the closeness of conflict in medieval times and where regiments and brigades of raw recruits showed in desperate struggle with each other what American courage is. It was a battle fought on a rough wooded plateau, down and up deep gullies and amid thick underbrush and heavy timber, where artillery duels were fought at simple musket range. It was a battle saved only at the eleventh hour and finally one so potent in its results that it may possibly have entirely changed the issue of a mighty war.

A number of veterans of the war living in Morgan county took part in that memorable struggle and to all of them yesterday and to day will be crowded with memories. Dr. C. M. Vertrees of Murrayville, who was in Jacksonville Saturday has a special occasion to remember the battle because of twenty-five men from his company taking part, only seven escaped injury.

Dr. Vertrees served in Co. F of the 17th Illinois, which was organized up in Knox county and was mustered out a first regiment. At the time of the battle of Shiloh Col. Ross was in command of his regiment, and Capt. Smith in command of the company. There had been so much sickness and so many had been wounded in the war, that there were but 25 members of Company F on duty in the battle of Shiloh. It is a notable fact that of that number 18 lost their lives or were seriously injured in this engagement. Dr. Vertrees being one of the seven who escaped. The doctor well remembers the morning of the battle, 50 years yesterday. It was early in the morning, his company along with other troops, was eating breakfast, when the first notice they had of the approach of the rebels was given by shot and shell, which began to cut off limbs from the trees above them. For some reason, which has never been fully explained, the union troops, in the main, were surprised by the approach of the rebels. Later on, when the battle was on in earnest, the members of Company F, along with others were fighting low and that was one reason which accounts for so many fatalities. The rebels were shooting low. Dr. Vertrees thought he had a better chance to escape from injuries standing up and the result proved the wisdom of his course. Dr. Vertrees escaped from this battle without injury, but the battle of Shiloh was not the last of his adventures. He was shot in the left jaw and the surgeon had him lie down on the ground, rest his head upon a knap sack and have the ball removed at once. Dr. Vertrees said Saturday that the memory was as vivid to him yesterday, as if the injury had been inflicted a few days ago. Instead of a half century since, "The surgeon used an old pair of iron tweezers in extracting this bullet and the doctor says that he pulled as hard as if he were trying to get out a deep-rooted tooth. In the battle of Vicksburg in the famous charge Aug. 22, 1862, Dr. Vertrees had been wounded by a cannon shot on the left side of the neck. This caused him pain and inconvenience for a lengthy period, but he felt mighty fortunate that the injury was not more serious.

In talking about the battle of Shiloh Saturday, Dr. Vertrees said: "The story has often been circulated that the union forces were surprised in this battle, because General Grant had been drinking, and so was not in condition to take the proper precautions for the protection of his troops. It makes me mad every time I hear that story quoted, for I know it is untrue, and well remember just how Gen. Grant looked and acted that day as he rode up and down the field upon his horse. Following the battle he was relieved by Gen. Halleck, and as you know there was a time during the war when there was a disposition apparent not to give Grant his just dues. Another notable figure I remember, at that battle, was Robert Ingersoll. Many of the union soldiers were panic stricken and scattered about, were fleeing from the enemy. He stood on a log and as he shouted words of encouragement to them. He also urged and exhorted them to return to their companies, re-organize and again get into the battle. Even in those days Ingersoll had such matchless oratory, such a great power of speech that many a man paused to listen to him. He realized the force of the argument presented, laughed at the jokes with which the argument was interspersed and taking new courage, returned to the fray." Dr. Vertrees, as already mentioned was in the siege of Vicksburg and took part in other memorable battles of the war and during three years of service did much to sustain himself as one of the most loyal and faithful of the country's soldiery. He is 74 years old now and while he endured the rigors of that three years' warfare and of lots of hard work afterwards, he is still pretty well and able-bodied and has a mighty good chance of putting in many more years living in Morgan county.

In an old scrap book which Mr. Emory Moore has and greatly prizes is a copy of a bulletin or special war number issued by the Jacksonville Journal fifty years ago Monday giving the first news received in Morgan county of the battle of Shiloh. The correspondence is dated April 8, 1862, and bears the heading in

large type "Rebel General in Chief Killed." The story of the battle as told by that bulletin was as follows: "Fight again renewed on Monday morning, and continued until 4 o'clock in the afternoon, when the enemy commenced their retreat, flying towards Corinth, pursued by a large force of our cavalry. The slaughter on both sides is immense. The lost in killed, wounded and missing, over 25,000. It is impossible to ascertain any details, and therefore give you the best accounts possible from observation, having passed through the storm of destruction for two days. Reinforcements having been received by the enemy, which were brought against McLean and Hurlbut divisions which opened on the left wing, under Gen. McLean. The firing was returned with terrible effect, and determined by both infantry and cavalry along the whole line a distance of more than four miles. Gen. Hurlbut's division was thrown forward to support the center, when a desperate conflict ensued. The rebels were driven back with terrible slaughter, but soon rallied and drove back our men. Our men were on the ground without food until 9 o'clock—this time your correspondent arrived on the field. Till night closed on the bloody scene there was no determination of the result of the struggle. The rebels exhibited good generalship at times, engaging the left wing apparently the whole strength would open a terrible and destructive fire upon us. Taylor's Chicago artillery raked them down in scores, but the smoke would no sooner be dispersed than the breach would again be filled. The most desperate fighting took place in the afternoon. The rebels knew that if they did not succeed in whipping them their chances would be extremely doubtful at best. The rebels had forced our left wing back so as to occupy fully two thirds of our camp, and kept fighting their way forward with a desperate degree of confidence to drive us up to the river and at the same time engaging our fire was frequent and desperate. The gun boats Lexington and Taylor poured shells on the rebels; this was too much for them, and ere dark the firing had nearly ceased. When night closed in—after the awful work of blood and carnage, our men rested on their arms. Gen. Buell having arrived in the evening, at daylight the battle was again opened simultaneously by Nelson's division on the left and Maj. Gen. Wallace on the right. They opened fire along the whole line and began to roll with terrible effect on the enemy. Gens. McLean and Hurlbut's men, although terribly exhausted from the previous day's fighting still maintained their honor won at Donaldson, but the resistance of the rebels at all points was terrible.

"They showed great bravery and the dreadful desolation by our artillery, which was sweeping them away like chaff before the wind, knowing a defeat here was a death blow—the rebels made a desperate struggle. They made a desperate effort to flank us on the right. They soon began to gain ground, on appearing to have been reinforced. Gen. Nelson made a charge, driving them with wonderful rapidity, and by eleven o'clock, Gen. Buell's forces had succeeded in flanking them and capturing their batteries of artillery. They, however, again rallied on the left and re-occupied and the right forced themselves forward, and another desperate effort, but reinforcements from Gens. Wallace and Thomas were coming in, regiments after regiments, which were sent to Buell, who had again succeeded in driving the enemy back. About three o'clock in the afternoon Grant rode to the left, at the head of the fresh regiment, leading ahead, brandishing his sword while cannon balls were flying like hail around him. The men followed with a shout that sounded above the war and din of artillery. The rebels fled in dismay as from a destroy—right up to the time we had received the reinforcements Gen. Wallace came to our support till the day was over, having taken the wrong road the troops were sent for and stationed at Savannah. We were heretofore contesting against fearful odds. Our force at this time was 35,000, the enemy 60,000. Our condition at that moment was extremely critical. Many of our men were panic stricken and many struggled toward the river and could not be rallied. Gen. Grant and Staff had been riding along the lines during the entire day and storms of bullets, grape and shells which were thrown from right to left urging the men to stand firm until our reinforcements came across the river. Col. Webster, chief of staff immediately got into position, the heavier pieces of a artillery pointing on the enemy while a large number of the batteries were planted along the entire line from the river bank west to the extreme right bank for two miles and a half distance.

"About an hour before dark the general cannonading was opened up on the enemy from along our whole line with a perpetual crack of musketry. Such a scene and uproar was never heard of on this continent. "For a short time the rebels fought with vigor and effect, but our returning avalanche, and never made a return stand. Gen. Buell followed the retreating rebels, driving them in splendid style, and by half past five o'clock the whole rebel army was in full retreat to Corinth, with our cavalry in hot pursuit. Result not known. "We have taken a large amount of their artillery and a number of prisoners. We lost a number of our forces as prisoners yesterday, among

them is Gen. Prentiss. Loss is not known. It is reported to be several hundred. Prentiss is reported wounded. Among the killed on the rebel side was the General-in-Chief, Sidney Johnson, who was stricken by a cannon ball. To-day it is further reported that Beauregard had a arm shot off. Our loss in officers is very heavy. It is impossible, at present, to ascertain their names. Gen. Wallace among the killed. Col. Davis was shot through the breast on Sunday, and returned to the field Monday. "There has never been a parallel to the gallantry of our officers from the commanding general down. Gen. Grant and staff were on the field riding along the lines in the thickest of the enemy's fire. All sleep on the ground Sunday night during a heavy rain.

Should be selected for its clean burning qualities. Try a load of our Peerless Coal. It will please you.

Beautiful Art Picture, Watch Fob; also a bona-fide manufacturer's credit voucher for \$135.00, good only on any new piano in our store. For many years piano manufacturers and dealers have tried to reduce the selling expense of pianos, the old way of paying solicitors, paying music teachers commissions and engaging great artists to play their piano at fabulous sums, are being eliminated, and now it is the question of the best advertised piano, and one in which the purchasers are given the greatest possible value. This is the age of co-operation and the manufacturers correctly believe that the best way to market and introduce their product is to spend the advertising money in making special offers to the people rather than employing world-famous demonstrators at fabulous expense and making the people pay for such methods by asking a heavy price for the piano.

## GOOD HEALTH

How To Keep It

How To Get It Back

In this column we will discuss health and disease and questions of general interest will be answered by responsible members of the regular medical profession. Those not proper for publication will be answered by mail if accompanied by addressed and stamped envelope, provided they do not relate to a disease from which the patient is then suffering. For such diagnosis and advice as to treatment consult your family physician.

### Baby Funerals.

The following startling statement is quoted from the fifth annual report of the New York Milk Committee and is as applicable to Jacksonville, as to New York City. The report says: "The death rate among milk station babies had prevailed throughout the city there would have been only 2668 baby funerals instead of the 5567 that actually took place in the months of July, August and September."

### Carrying Pick-a-Back.

It may happen to any person that he may be called upon to carry an injured person a shorter or longer distance. The method of carrying such a person will depend on the nature of the injury. If one foot or one arm is injured or a rib broken and the patient is conscious and able to help himself, or if a third person is present to help to place him upon the bearer's back he may be easily carried a considerable distance by what is known as carrying "pick-a-back."

The patient should stand behind the bearer with one or both arms over the bearer's shoulders. The bearer then stoops down and passing both arms behind him grasps the patient's thighs firmly, drawing them forward on each side of his body. He then raises up and shifts the patient well up on his back. A person may be comfortably carried a long distance in this manner if his arms are unimpaired and he is able to support himself by holding on to the bearer's shoulders.

If the patient is unconscious or unable to help himself he can be carried in the same way if the third person will help to fasten him in place by means of a rope, strap, belt or sheet which passes around his back under the arms and up over the

bearer's shoulders and then crosses over the front of the bearer's chest and passes under his arms to the patient's back where the ends are tied or buckled.

### Taking Typhoid Fever.

No. 4 asks, How does a person become infected with typhoid fever?

### Answer.

Every case of typhoid fever comes from a previous case—that is, the germs which cause typhoid always come from the body of a person who has had the disease. These germs are usually thrown off with the passages from the bowels of the sick person. There are three main ways in which they reach the well person and produce the disease in him. First, through the drinking water. This includes milk because of the habit of some dairymen to "dilute their milk with a little" or they wash the cans with water which has not been boiled and a little of the "typhoid water" remains in the cans. The germ grows so well in milk that a little of such in a can may be enough. Second, by flies which first walk over the filth, get the "typhoid germs" on their feet and then when they smell the savory dinner they come in and walk over the meat, bread, sugar and pie where they wipe the germs off their feet just in time for you to eat them and thus get the disease. Read the story of our soldiers in the camps during the Cuban war and see how many have boys died of typhoid fever due to flies. Third, a common way especially for those who care for typhoid patients in "putting your fingers in your mouth." The fingers take up the germs from dirty places and many careless people take these germs off their fingers and thus get the disease.

### WILL ASK PLEDGES.

Y. M. C. A. Directors Have Novel Plan For Securing Funds—Easy For Contributors.

Today collectors for the Y. M. C. A. pledges ranging from 10 to 50 cents per day for the balance of 1912 will be in the various churches and Sunday schools. The whole city is to be covered, having been divided into blocks of 20 houses each. The number of solicitors will be sufficient, it is hoped, to make the campaign in one day.

The directors will help out haven't the time to do this without dragging the matter out, so they themselves will give a free supper to those who volunteer at the Christian church next Monday evening. Then what instructions are necessary will be given as how to proceed in the matter.

It seems that this is a movement in the right direction. The directors of the Y. M. C. A. will probably provide for the collection of the pledges weekly. Now is the time to help.

### RETURN FROM EUROPE.

Dr. and Mrs. Byron Galley Are Home After Four Months' Absence.

Dr. and Mrs. Byron S. Galley, who have been in Europe for the past four months, arrived home Friday evening. They left Jacksonville on the 10th of December and took the Kaiserin Augusta Victoria of the Hamburg-American line out of New York. After two days out at sea they encountered the worst storm of years. In fact the seamen declare that the past winter has been the worst sailing of many years. The Victoria is one of the largest passenger-carrying vessels, with nearly 50,000 ton register, so that really the passengers did not know how terrible the storm was.

They spent three months in Berlin and Vienna, where Dr. Galley did work in the clinics, and it is needless to say that both enjoyed the weeks there. Dr. Galley was much impressed with the way the Berlin officials keep the city clean, thousands of dollars alone being spent yearly for this purpose. He said that the Berlin people were also automobile crazy, as the American people, and Berlin alone had 7,000 auto-taxis. Both Dr. and Mrs. Galley have interesting events to tell of their trip, and although enjoying every day they are exceedingly happy to be once more among their friends. The return trip home was made via the North German Lloyd. On board the vessel there were 3,150 people, 2,700 of whom were Italians coming to America. The vessel left Naples March 22 and reached New York ten days last, April 2.

### A SUNBEAM CLASS MET.

Miss Lucille Henley entertained the members of the Sunbeam class of the First Baptist church at her home on South Diamond street Saturday, at which time officers were elected as follows: Helen Strandberg, president; Lucille Henley, secretary; Verna Smith, treasurer. A short musical program and a few recitations were then given, after which dainty refreshments were served. Those present were Mrs. H. A. Brewster, Misses Verna Smith, Helen Strandberg, Cecil Templin, Eugenia Ellis, Marie Busby, Jean Coulter and Lucille Henley. The next meeting will be at the home of Mrs. Strandberg on Howe street.

The literary union will meet Monday night with W. D. Wood, leader, M. L. Swarthout, subject: "Evolution of the Violin."

### SCHOOL HAS CLOSED.

Miss Virginia L. Enriksen has just closed a very successful year as instructor of the Mr. Vernon school, near Concord. She was in the city Saturday, enroute to her home in Murrayville.

William Deterding of Concord spent yesterday in the city.

### MISS RUTH GRAY GIVES DEMONSTRATION.

The members of the Domestic Science Round Table were entertained by Miss Ruth Gray at the Woman's college Saturday afternoon. Miss Gray is an instructor in the Home Economics department of the college and she gave a talk on the preparation of meals and a demonstration of several menus, illustrating balanced meals, simple and complex. She gave a demonstration of two balanced luncheons, which she served to the ladies and which they highly enjoyed. In every way Miss Gray's work was of a high order and many profitable points were gleaned by the ladies.

### Democratic Candidate for Circuit Clerk

PRIMARY APRIL 9.

In asking your support the following is respectfully submitted: He is and has always been an active, working Democrat. He never has asked or received any reward for party service.

He is a clean man morally and politically, believes in clean politics and government and his campaign has been conducted along those lines.

He has the educational and business ability to successfully conduct the business of the office he seeks.

His claims are proven by his record. He is a successful business man of more than twenty years' experience, during which time he has held offices of trust at home. He has always stood for the best interests in the community, has helped and aided in every improvement. He is a member of the Odd Fellows, Modern Woodmen of America and other fraternal organizations.

**Ask Anyone Who Knows Him**

Nearly all the precincts of Morgan county have been represented by elective county offices in the last few years. Franklin, one of the strongest Democratic precincts of the county, believe they are entitled to a candidate. They feel that they have a fair and valid claim. There are over 300 Democrats in Franklin precinct.

He will appreciate your support and influence, and will, if nominated, make a clean, aggressive and thorough campaign for election.

### FIFTY YEARS SINCE SHILOH

Reunion of Survivors of Famous Battle Began Saturday—Blue and Gray to Mingle.

Pittsburg, Landing, Tenn., April 6.—A reunion of the survivors of the great battle of Shiloh began on the battlefield here to day, on the semi-centennial anniversary of this historic conflict. It is a reunion of the Blue and Gray and from as far south as Texas and as far north as Wisconsin and Michigan the old warriors have journeyed hither to mingle together in peace and to exchange reminiscences and recall the events that made history in sight of old Shiloh church fifty years ago. The reunion is under the auspices of the Battle of Shiloh association.

The battle of Shiloh, the most sanguinary of the battles that marked the early period of the civil war, was fought fifty years ago, on April 6 and 7, 1862. Shortly after the capture of Fort Donelson, Gen. Grant moved his army to Pittsburg Landing, on the Tennessee river, about 20 miles from Corinth, Miss. The army, numbering about 40,000 men, was in six divisions. The division commanders were Generals Sherman, McClellan, W. H. L. Wallace, Hurlbut, Prentiss and Lew Wallace.

At about the same time that the Federals moved to Pittsburg Landing the Confederates concentrated at Corinth, with Gen. Albert Sidney Johnston in chief command, and General Beauregard as second. The four Confederate corps commanders were Generals Bragg, Hardee, Polk and Breckinridge. In numbers the army about equalled the federals.

On April 1 both armies were expecting reinforcements. Grant expected Buell with about 40,000 men, and Johnston expected Van Dorn with 30,000. Johnston, however, concluding to attack Grant before he could be reinforced, started from Corinth on April 3, but, owing to heavy rains, he could not attack until early dawn of Sunday, the 6th. By persistent and continuous fighting, Gen. Johnston succeeded in driving the federals back during the day from the vicinity of Shiloh church nearly to the river.

At the close of the day's fighting Nelson's division of Buell's command arrived in part on the battlefield and helped to repulse the last charge of the victorious Confederates. The day's fighting was a triumph for the Confederates, though they lost the brave Gen. Johnston, who fell while leading a charge.

The battle of the 7th was begun at break of day by Buell on the left, who had come up during the night with some 20,000 men. Grant was further strengthened by the addition of Lew Wallace's division, which had been absent the previous day through a misunderstanding of orders. The battle of the 7th was quite as severe as that of the 6th, and it was not until noon that the federal successes warranted them any assurance of victory. Two hours later, Beauregard, now in command, ordered a retreat, and the Confederates moved back without interference to Corinth, as the federals were in no condition to make a pursuit.

The losses in the two days' fighting were: Confederates: Killed, 1,728; wounded, 8,912; prisoners, 959; total, 10,699. Federals: Killed, 1,725; wounded, 7,882; prisoners, 3,956; total, 13,573.

### UNION PARENT-TEACHER MEETING.

Thursday afternoon April 11, at 2:30 a joint meeting of the four parent-teacher clubs in the city will be held at the high school. As there is at present no organization in the high school it is especially desired that the parents and teachers of eighth grade and high school students attend this meeting. Sup. R. V. Blair of Springfield, who is known as a brilliant and fascinating speaker, will deliver an address and high school students will furnish music. All persons interested in the work of parent-teacher clubs are invited to be present. At the close of the program a permanent organization will be formed and officers elected for the ensuing year.

Easter at the Congregational Church. At the morning hour of worship the following musical program will be rendered by the choir:

Organ Prelude, Dawn of Hope—Lammann.  
Organ Offertory (Andante from Beethoven).  
Organ Postlude, Easter March—Flagler.

Quartet, They have taken away my Lord—Harrington.  
Solo, Hosanna—Granier.  
Quartet, As it began to dawn—Vincent.

Choir.  
Organist—Miss Alice Mathis.  
Soloist—Miss Mabel Mathews.  
Quartet—Miss Mathews, Mrs. Harriet Gay, Mr. Asa Robinson and Mr. Julian Capps.

At the evening hour Miss Neville will tell of her travels in Japan. Land, illustrated by one hundred stereoscopic views of sacred places. The public are most cordially invited to this most appropriate closing of Easter day.

### BISHOP FRANCIS 50 YEARS OLD

Indianapolis, Ind., April 6.—Bt. Rev. Joseph M. Francis, Protestant Episcopal bishop of Indiana, celebrated his fiftieth birthday anniversary to day. Bishop Francis was born in Pennsylvania and was ordained in 1886. He filled pastorates in Milwaukee, Wis., and Evansville, Ind., and for several years was in charge of the cathedral in Tokyo, Japan. He was elected bishop of Indiana in June, 1899, and was consecrated in September of the same year.

Miss Harriet Six, Neely Funk and Mrs. Henry Woods of Exeter are in the city, called here on account of the death of Miss Little Cox.

**As "Ed" Howe Sees Life**

Unless there is possibility back of it, no bluff will work. Water in a well can't bluff a man at the top by saying: "I'm coming up there to slap you in the face."

We all hate to send out a quarrelsome, disagreeable man to represent us; but if he is the pitcher on the home team, and we believe he will win the game, we'll do it.

When you abuse a man, you are not only guilty of that; you are guilty of inventing a lot of your "facts."

Many schemes go wrong that should go right. Your little scheme won't work unless it recognizes the rights of others in the big scheme of life.

The devil is meaner than I think he is if he paves hell with good intentions. A good intention, however, mistaken it may be, is entitled to some respect.

You know men invent stories, and tell them; but if you know women do it, too, you abuse others for saying so. That's what you call gallantry.

If you have a friend you greatly admire, and with whom you never find fault, how it hurts you to hear that he has been "picking" at you.

There is a saying that it is impossible to please everybody. It should be changed to, it is impossible to please anybody.

When a woman says: "I just love to fool with chickens," she means she just loves to sell eggs at forty cents a dozen.

People seem to expect less of marriage here lately, and get more out of it.

BASEBALL NOTES.

President Charles Somers, of the Cleveland Naps, is also president of the Toledo club in the American association.

The Cleveland Naps should be well fixed for heavy hitters this season, as seven of the regulars hit for .300 or better in 1911.

A member of the University of South Carolina baseball team is named Boozer. He is not a kinsman of the former New York pitcher.

New Orleans has a great fielder and hitter in Johnson. It is said several major league scouts are right on the job and watching every move of the Pelican.

Owain Bush, of the Tigers, is still holding out and insists that he will not play baseball at all unless he receives the contract he desires.

Tallahassee promoters have decided to organize a professional baseball league in Nova Scotia. The grand old pastime is covering more territory every year.

Mike Doulin, who is playing right field for the Pittsburgh Pirates, is doing some great throwing this spring. Mike says his arm is better this year than for many a season.

Manager Charles Dopin, of the Philadelphia Quakers, believes that all he has to do to win the National league pennant, is to pitch Alexander, Chalmers and Moore in regular turn.

The two home run kings, Frank Schulte, of the Cubs, and Frank Baker of the Athletics, seem to have found their batting lamps right at the start of the training season this year.

Jake Dambert, Brooklyn's star first baseman, is playing a great game this spring. There are only a few real first basemen in the big show and Jake is surely one of them.

The New York Giants played to the largest crowd on their training trip at Texarkana. It was the first visit of a major league team in the history of the Texas-Arkansas city and McGraw told the fans he would surely be back next year.

Even if Indianapolis can't win pennants, the Indians can furnish players for the other teams in the American association. Hayden, first baseman of Toledo, Lewis of Milwaukee, Delahanty of Milwaukee, Carr of Kansas City, Frier of Columbus and Hoffman of St. Paul are all former members of the Indianapolis team.

Ping Bodie, of the White Sox, has lost the post pair of trousers he owned and therefore feels somewhat sorry, glad, chagrined and humiliated. While in Waco, Ping sent his trousers to a negro tailor and the "dingie" thinking they needed a little gasoline, soaked them in it, and then applied a hot iron. No more fine trousers for Ping. He now wears a pair of pants.

### RAISE THE STANDARD OF THE COUNTRY SCHOOL.

The National Education Association has wisely entered upon a nation wide campaign to raise the standard of the rural schools. At the San Francisco convention a fund of \$10,000 was voted to defray the expenses of the inquiry for the next three years. A committee of eleven was appointed to investigate school conditions throughout the United States as to teachers' salaries, state and county appropriations, and teaching methods. The first meeting of the committee was held in Chicago recently. It was agreed that the most important phases of the investigation shall include the following:

Rational basis for the distribution of state school funds, which the various states may be led to adopt.

Careful study of the several units of school organization, with a view to urging the adoption of the most efficient unit.

Strong presentation of the advantages of centralization or consolidation of rural schools.

Study of compulsory school laws in the different states, should be made and a plan devised for a uniform law.

System of standardization for rural schools and a small financial recognition or bonus on the part of the state to such schools as shall reach the standard.

Closer supervision of the rural schools. The region plan of providing supervisors for each twenty schools is worthy of consideration. The Educator Journal.

### LECTURE AT LIBRARY.

Prof. Beal Will Speak Tuesday on Nebular Hypotheses.

A free illustrated astronomical lecture will be given at the public library on Tuesday evening, April 9, by Prof. W. O. Beal of Illinois college. Professor Beal will deal largely with the Nebular Hypotheses, showing how modern investigations have made the Laplacean Ring Nebula Hypothesis untenable, and giving a description of the Spiral Nebula Hypothesis which has been proposed as a substitute.

The whole subject will be presented in a historical sequence and in a popular manner so that any interested person with little knowledge of the subject will be able to follow the argument. Some lantern slides will be shown and every one is cordially invited to see them and to hear Professor Beal.

### SCHOOL WILL CLOSE.

Walnut Grove school in the northwest part of the county is to close Wednesday with a grand dinner and a fine time generally.

J. M. Morgan of Virginia spent yesterday in the city. Harry Myers was among the Boardman visitors in the city Saturday.

### PASSED EXAMINATION.

Frank Reid, formerly assistant to John O'Donnell, undertaker, after taking a post-graduate course in Chicago, has successfully passed the state examination and is now a licensed embalmer.

### CONCERNING OATS.

It really seems as if conditions and seasons do undergo changes as the years pass by. W. C. Bealmer, one of the successful farmers of the county, said to a Journal reporter that oats used to be produced differently from the method now in vogue. Mr. Bealmer said that one spring he sowed, broadcast, thirty acres of oats on corn stubble and harvested over twenty acres of the ground, but it was so wet he decided not to harrow any more and let the oats lie as sown and he could see no difference between that ten acres and the other twenty, as the field averaged 60 bushels to the acre and ten of that where the oats had been left on top of the ground.

Mr. Bealmer said to day any such way of trying to raise oats would be useless. In times he mentioned they simply tried to get the stalks out of the way of the reaper and that was all. Then he raised 60 bushels to the acre, but now, with careful plowing and harrowing, they do well to get forty or fifty.

I hereby announce myself a candidate for the Republican nomination for member of the board of education in the fourth ward, subject to the decision of the Republican primary.

George S. Rogerson.

## POINTS FOR POULTRY RAISERS.

**The Average Hen's Work.**  
After the incubator the next most important development in this industry has been the breeding of careful selection of races of hens that are exceptional layers, says an exchange, credit lost. It is not unusual for a well-conducted farm to average nearly 200 eggs per hen per year, and the tendency is to improve upon this figure. Several years ago in Australia an egg-laying contest was held, extending over an entire year, a great number of breeds being pitted against each other, and the average of the winning pen of six pullets, averaging from seven to twelve months old, was 218 eggs per hen for the year. At many of the experiment stations in this country similar tests are conducted from time to time and it is not unusual for one pen of selected

fowls to produce an average of 250 eggs apiece, while the record for individual hens, a much disputed honor, is considerably above that figure. The White Leghorns appear to be quite as good layers as any other breed, and in the California settlement at Petaluma, above referred to, this variety is raised almost exclusively. The Brown Leghorn, while not quite so prolific layers, require relatively small rations and therefore are considered very economical egg producers. A good layer will produce five or six times her weight in eggs each year.—Green's Fruit Grower.

### Fowls Take Cold Easily.

On cold nights the fowls roost closely together and in this way keep warm. Should they crowd on the roost they apt to sweat and in the morning when they get down on the floor of the pen are apt to feel chilly on account of the difference in temperature.

If, however, there is a litter on the floor and the night before grain was thrown among the litter it will not take the biddies long to understand that by scratching they will not only keep warmer, but there is a strong possibility of finding something to eat. Hens are not as dumb as they look.

### Importance of Good Males.

In selecting stock to be bred for layers the male birds are quite as important. One must be careful that the males are descendants from prolific layers. The best layers are also obtained where the sires and grand-sires are also from the stock noted for their exceptional laying.

### Some Poultry Wisdom.

It is seldom necessary to feed condiments or condition powder to healthy poultry, or poultry which is properly housed, fed and cared for. Clean, dry quarters, wholesome feed, and plenty of straw on the floor for them to scratch in, is the attention they should receive.

There is no danger of having too much sunlight in the hen house during fall and winter, and there must be proper ventilation, by having open windows in the front; but neither currents nor drafts should be allowed to blow through the house or over the fowls. This should be carefully looked after, especially at night when hens are on the roosts.

An element that is often lacking in poultry food is protein, the most expensive part of the food and the most needed. It makes blood, muscle, bone, eggs and feathers. It may be supplied in feeding lean meat, green cut bone and scraps, wheat, oats, alfalfa and some clover. During summer, when fowls have their liberty, they are able to pick up a good deal of food containing this material, thereby balancing their own ration.

As an egg-producing food, a mixture of wheat, hulled oats, a little cracked corn and some millet seed, is an exceptionally good one. It makes a great food to scatter in the litter for the hens to work out. For hens that are comfortably housed and protected from the cold, I should use one-third hulled oats, one-third wheat, and the other third composed of equal parts of cracked corn and millet seed. As corn is heating, and if the hens are in a cold pen, I should increase this article. Hulled oats cost more than the ordinary kind, but they are worth a good deal more when hulled; there is no more loss of value in the hull or husk of the oat than there is in the oat straw itself. Oats have proved to be one of the best egg-producing foods we have, but they should be of the best quality and fed in the proper way to get good returns.

### Poultry Mites.

Red mites are the most distressing plague of the poultry house. Recent experiments have proved conclusively that turpentine will destroy them more quickly than will kill all of them that it touches, but it is difficult to reach them all with this.

A quart of coarse salt dissolved in two gallons of boiling hot water, adding to it a quart of fresh lime, using it with the spray pump, will destroy mites and insect vermin of all kinds. Lime wash will not destroy the mites, but boiling hot brine will kill them.

### Don'ts.

Don't feed the hens in the hen-house on a summer day. You will thus starve the mice away.  
Don't keep a stuffed owl or hawk as a parlor ornament. Set it out among the pens and fruit and see the thriving birds scold.

Don't become a life member of the Fault Finders' club. It costs too much.

Don't slip eggs and fowls in heavy boxes nor send dressed fowls any distance without ice.

Don't expect clean shanked chicks when you use stubby legged breeders.

Don't breed from a green shank bird and expect yellow legged chicks.

Don't keep a few prize winners and a multitude of culls and sell cull eggs with a guarantee to hatch show birds.

Don't stay at the poultry business if it does not pay you—not even if you do live in "I Told You So," where all point the long finger.

Don't let your chickens suffer for green food. Their system demands it.

Don't let droppings rot in the poultry house. Spread it on the ground for good crops.

HENLINE SIGNS  
LIFE CONTRACTEastern Ball Player to Wed Miss  
Marjorie Brainer of This City To-  
day—Will Reside in Troy, N. Y.

Noah Henline, popular center-  
fielder of the Troy, N. Y., baseball  
club, will be married to day to Miss  
Marjorie Brainer of this city. The  
wedding will take place at high noon  
at the home of the bride's parents,  
Mr. and Mrs. L. E. Brainer, 411  
South Clay avenue and will be wit-  
nessed by about seventy relatives  
and close friends of the contracting  
parties. Rev. F. A. McCarty, pas-  
tor of Centenary M. E. church, will  
be the officiating clergyman and the  
young people will be attended by  
Miss Marjorie Brainer, sister of the  
bride, and Mr. Ralph Henline of  
Kearney, Neb., a nephew of the  
groom. Miss Florence Watkins of  
Chandlerville will play the wedding  
march. The bride will carry white  
roses and her gown will be of  
white silk marquisette over mes-  
saline.

For the occasion the Brainer home  
has been beautifully decorated in  
pink and white, cut flowers and lilies  
being used to give a charming and  
Easter-like effect. Following the  
ceremony an elegant two-course  
luncheon will be served.

Miss Brainer is the eldest daugh-  
ter of Mr. and Mrs. L. E. Brainer  
and has always lived in this city.  
She attended the public schools and  
afterward took a course in Brown  
Business college. By reason of her  
charming and attractive manners  
and pleasing personality, she has  
endeared herself to many friends,  
who will unite in extending heart-  
iest congratulations and very best  
wishes.

As stated above, Mr. Henline is  
a ball player and belongs to the  
Troy, N. Y., club, in the New York  
State league. Last year he was with  
the Baltimore club and the year be-  
fore held down center garden for  
the Buffalo team. In 1906 Mr.  
Henline played with Danville in the  
Troy league and his playing was  
watched with interest on the local  
diamond. In 1907, when the local  
ft game was played here with "Bil-  
ly" Sunday as umpire, Noah made  
two home runs and won the laurels  
of the day. The past winter Mr.  
Henline has been with the C. E.  
Williams Wholesale Post Card com-  
pany of Bloomington. He is a  
member of the Elks' fraternity.

Mr. and Mrs. Henline will leave  
to night for Bloomington and on  
Monday will start for Newport News,  
Va., and New Brunswick, N. J.,  
where Mr. Henline will join the  
Troy club for spring practice. His  
wife will accompany him on his  
training tour through the south.

Among those expected in the city  
to attend the wedding are: Mrs. H.  
A. Henline, of Lexington, Ill., moth-  
er of the groom; Dr. Buell Hen-  
line, Dr. J. I. Henline, Mr. and Mrs.  
William Perry and Frank Adams,  
of Bloomington; Mr. and Mrs.  
James P. Williams and daughter,  
Miss Frances, of Pekin; Mr. and  
Mrs. Harvey Haskins of Concord; Mr.  
and Mrs. Ora Watkins, and Miss  
Florence Watkins of Chandlerville.

During the ball season Mr. and  
Mrs. Henline will reside in Troy,  
N. Y.

## GAVE SURPRISE PARTY.

About twenty ladies of the Alex-  
ander neighborhood gave Mrs. Grant  
Kindred a pleasant surprise Satur-  
day evening, it being the occasion  
of her birthday. The time was  
spent in a pleasing social manner  
and during the hours elegant re-  
freshments were served.

## FOR SALE—AUTOMOBILE.

## BIG CONCERN IS IN TROUBLE.

Receivers Are Appointed For the Al-  
lis-Chalmers Co.—Assets, Twenty  
Millions.

Milwaukee, Wis., April 6. The Al-  
lis-Chalmers Co. today went into the  
hands of receivers, on application of  
the First National and Wisconsin Na-  
tional banks of Milwaukee, and W.  
W. Nichols of New York, a bondhold-  
er and a stockholder.

The receivers named are D. W.  
Call, president of the company, and  
General Otto Falk of this city, a  
prominent manufacturer and presi-  
dent of the Merchants' and Manufac-  
turers' association. The present cap-  
italization of the Alkis-Chalmers Co.  
consists of \$15,000,000, bonds, of  
which \$11,458,000 are outstanding;  
preferred stock, \$25,000,000, of  
which \$16,500,000 is outstanding,  
and common stock, \$25,000,000, of  
which \$10,820,000 is outstanding.

The company has expended about  
\$10,000,000 for new construction,  
and the value of its plants and other  
assets is estimated at around \$20,  
000,000.

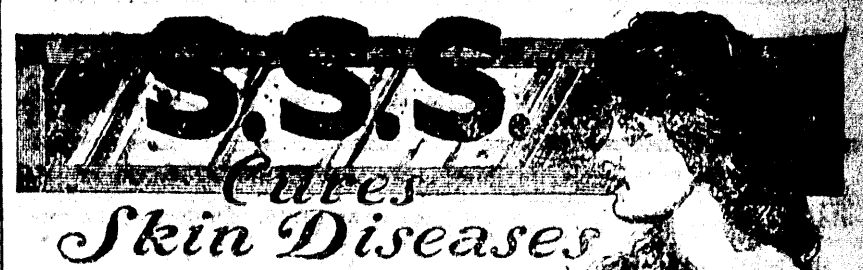

## DETROIT BUYS BURNS.

Detroit, Mich., April 6.—The De-  
troit American league baseball team  
today purchased Pitcher Bill Burns  
from the Minneapolis club of the  
American association. It is under-  
stood he reported to Manager J. J.  
Lanning today at Toledo. Burns is a  
left-hander and had pitched for clubs  
in both of the major leagues.

## QUICK RELIEF

FOR RHEUMATISM.  
George W. Kouns, Lawton, Mich.,  
says: "Dr. Detchon's Relief for  
Rheumatism has given my wife  
wonderful benefit for rheumatism.  
She could not lift hand or foot, had  
to be lifted for two months. She has  
been in use of the remedy and im-  
proved rapidly. On Monday she  
could not move and on Wednesday  
she got up, dressed herself and  
walked out for breakfast. Sold by  
L. P. Alcott, druggist."

Miss Bertha Whitlock of Franklin  
was in the city Saturday on her way  
to the home of Mr. Dewees, six miles  
northwest of the city.

Nature has made ample provision in  
the sunshine and moisture of the air for  
the outward life and protection of the skin,  
but the more important work of nourish-  
ing the cuticle has been left to an inward source—the blood. It is  
from the circulation that the pores and glands receive their support,  
and the fibrous tissues are all preserved in a healthful state because of  
constant nourishment supplied by the blood.

So long as the blood is pure and rich the skin will be free from  
eruptions or disease, but when the circulation becomes infected with  
acids and humors its nourishing and healthful properties are greatly  
diminished, and this acid, humor-laden condition causes irritation and  
inflammation of the delicate tissues and fibres. Then the effect is  
shown in Eczema, Acne, Tetter, Salt Rheum, or some other distress-  
ing, disfiguring skin disease.

Humors and impurities get into the blood through a deranged or  
inactive condition of the system. Those members whose duty it is to  
collect and expel the refuse matter of the system fail to properly do  
their work, and this surplus or waste matter is left in the system to  
sour and be absorbed into the blood.

The cause of all skin diseases can be traced to some humor  
or acid in the blood. Smooth, healthy skins are only possible where  
the circulation is pure; and therefore the cure of any skin affection can  
only come from a thorough cleansing of this vital fluid. Salves,  
washes, lotions, etc., are available only for their ability to keep the  
skin clean, allay superficial irritation, or soften the hardened cuticle.  
Such treatment cannot cure because it does not reach the blood where  
the cause is located, and to depend upon such measures alone usually  
results in the aggravation and spreading of any skin trouble.

S. S. S. cures Skin Diseases of every kind by neutralizing the  
acids and removing all humors or other impurities from the blood.

S. S. S. cools the acid-heated cir-  
culation, builds it up to its normal  
strength and thickness, multiplies  
its rich, nutritious corpuscles, and  
adds to its purity and nourishing  
qualities in every way. Then the  
skin instead of being irritated and  
inflamed by acids and fiery humors,  
is nourished, soothed and made  
perfect by a plentiful supply of rich,  
pure blood. S. S. S. is the great-  
est of all blood purifiers and there-  
in lies its ability to cure skin trou-  
bles. It cures Eczema, Acne, Tetter, Salt Rheum, pimples, boils,  
rashes, and all eruptions of the cuticle. These troubles cannot remain  
when the cause has been removed, and S. S. S. will certainly remove  
the cause by purifying the blood. Look on Skin Diseases and  
medical advice free.

Subject, Easter and the Modern World. After the morning service there will be the postponed congregational meeting to hear reports and elect officers for the coming year. If any kinds of weather and roads it is hoped a representative congregation shall be present. There will also be a session meeting to elect delegate to Presbytery at Greenville Tuesday and Wednesday next.

It is hoped spring has now come in earnest and that all forces may get in line for a season's good work in the church.

Respectfully,  
Norbury W. Thornton, Pastor.

**YATES TELLS ABOUT MACOMB INCIDENT.** Former Governor Simply Resented an Assault—Nothing to Be Ashamed of.

The following letter has been received by a friend of Gov. Yates, who had written him regarding an alleged action of Yates' at Macomb, a week ago Friday:

"Chicago, April 4, 1912.

"A man butted up to me and insulted me.

"I said 'I can lick you this minute.'

"The crowd cheered and cheered and rushed in between us.

"And the train pulled out.

"My wife kissed me.

"The conductor, engineer and firemen congratulated me.

"And that was all. Nothing to be ashamed of.

"R. Yates."

**JAMES H. DANKSIN FOR STATE'S ATTORNEY.**

Five years ago, when we had 31 saloons and things looked doubtful, and many were hesitating which side to take, the following news item with headlines appeared in the Jacksonville press:

"Mr. Danksin speaks on local option issue splendid address at Jordan Street church."

"Sunday evening at the Jordan Street Presbyterian church James H. Danksin discussed the local option issue in Morgan county. The universal comment is that it was an excellent argument for local option. So far as the Courier has heard, this is the first local option meeting held in the city."

We have no saloons in Morgan county now. Hundreds who voted against the saloons took no open part. There was peril and danger and hazard in an open declaration. Yet, by voting right, the voters approved the right—and have approved it three separate times.

Then, I submit, the voters ought to support for office those who faced peril and loss, in business and friendship, because they had the courage to openly lead, while others silently voted.

The liquor men reward their leaders. Why should not local optionists do likewise?

I make these statements through the public press, because I am engaged in anti-saloon work outside the county, and am thus unable to make a personal canvass for votes.

Respectfully,  
James H. Danksin,  
Candidate for State's Attorney.

**TO THE VOTERS OF THIS COUNTY**

I have been a resident of Jacksonville for 41 years and come before the Democrat voters for Governor and your vote will be highly appreciated.

## STATE NEWS.

In Elgin 55 years ago Frank B. Perkins rang the bell in the Elgin academy and lived to ring a new one put in last week. It was on the steps of the building that one of the famous Pinkertons made his first arrest that of a counterfeiter.

C. G. Elliott of Peoria is under indictment for doing the Dougherty act, only it is government funds which he is accused of taking without leave.

James Blackburn and Valle Armstrong, two Delavan youths, are in jail in Pekin on a charge of forgery. The Jerseyville city council has unanimously passed an ordinance compelling all soft drink resorts to take out a license and give a bond of \$250 that they will keep and orderly house, not violate any of the laws or city ordinances under a penalty of not less than \$50 fine. They must also close at 11 p. m. and remain closed till 5 a. m. and remain closed all day Sunday. This action was taken because they have been selling cider, more or less hard and keeping a crowd about at all kinds of hours and Sunday.

Mrs. Bildahl of Rockford poisoned her two sons by placing arsenic in pancakes while mentally unsound.

The Rawlins Concert band of Roodhouse is trying to arouse the people of that place to improve their park. The musicians offer a series of benefit concerts to aid the purpose. An 18 month old son of Mr. and Mrs. Paul Hasse of Preppert was killed by eating a lot of pills containing strychnine which had been left where the child could get hold of them.

Oliver Brazell, a Chicago patient in the Kankakee Insane hospital, was drowned in the Kankakee river while attempting to escape from the institution.

The funeral director of Lincoln were notified last week not to have funerals on Tuesday, as the vehicles of every livery stable were engaged for election purposes. Such an emergency as an election interfering with a funeral was never before heard of.

Seven men laid in wait and robbed Harry Ross of Mechanicsburg near Tenth and Madison streets, in Springfield. They robbed him of all he had—50 cents.

Louis Radford, white, and Emma Nelson, colored, were committed as vagrants at Quincy after living together as husband and wife.

Herman Mueller, aged 18 years, stole jewelry from a lady who had kindly befriended him so that he might have a fine suit in which to visit a girl he admired. He visited the jail instead.

Mrs. Robert A. Nixon, formerly Mrs. Anna Martin, was fined \$25 in Quincy for marrying too soon after being divorced from her first husband.

Now that Monmouth has gone wet the council is about to pass a very high license ordinance and throw many other restrictions about the men who want to sell intoxicating drinks.

W. J. West of Freeport was recently badly hurt by a batpin a lady was wearing in a theater he was attending.

In the village of Irwin, near Kankakee, during a recent fire, the ladies of the place turned out and gave the men fighting the flames very valuable assistance.

The supreme court of the state has upheld the constitutionality of the civil service law.

Simon Hohenstein of Joliet was elected supervisor by a majority of two votes and when he rushed home to tell his father of the fact, the latter fell dead. He was 60 years old.

The law forbidding a saloon within two thirds of a mile of the Quincy home for veterans has been upheld by the state supreme court.

A broken flange caused a car with fifty tons of coal to jump the Santa Fe track and then flop over in the ditch. Not a drawbar was pulled out and it was only necessary to back up and couple the train together and pull it into Minook. In fact, no one knew of the accident until the coals at the rear of the train reached the overturned car and the steps caught and were slightly damaged.

A. J. Phalen, a policeman of Dixon, served 17 years and lost but three days and that was owing to a death in his family.

An abject apology for any transgressions he may have committed while drunk and a solemn pledge never to drink again was advertised in a Belleville newspaper by C. Denison. The buildings of the Nachusa Orphanage, six miles east of Dixon, were destroyed by fire at noon yesterday. Twenty-five orphans, aged from 3 to 16, were made homeless temporarily.

Illinois school teachers in 1911 received \$18,195,917.72 in wages, according to an announcement by State Superintendent F. G. Blair. The number of teachers was 24,860. The number of teachers but the state has increased from 26,529 to 29,860 in ten years. The amount paid out in salaries has risen from \$11,854,772.41.

The voters of Woodhull township, Jenry county, turned down the proposition for a township high school. One reason was the difficulty of getting the children to the school longer distances during the winter and spring. The same result has been elsewhere and for the same reason.

**SOUTH SIDE CIRCLE.**

The South Side circle met Friday afternoon with Mrs. F. W. Bristow on East Morton avenue and had a very pleasant and profitable meeting, with a good attendance. The house was decorated in keeping with Easter season and even the nice refreshments were on the same order, the ice cream being molded into shape indicative of the glad anniversary.

Mrs. Alex Platt prepared an able paper on the "Last of the Barons" and it was read by Mrs. Lane. Miss Sue Fox gave a very acceptable reading and a contest following was won by Mrs. Stacy. The entire program was quite enjoyable and the ladies in attendance felt well repaid for going.

## Fall Painting

### Means Economy and Winter Comfort

Winter Is Coming. It's the time home is most used. It's the time above all others when the home should be bright, attractive, clean and wholesome.

Winter Is Hard on the Home. Winter's rain and snow, sleet and ice, penetrate unprotected surfaces, and when Spring comes moisture and decay have done their deadly work. Winter's mud grinds your floors. Winter's soot blackens your walls. Winter's steam discolors the finish of woodwork and furniture. Winter plays havoc with all surfaces of the home unless they are protected with the right paint or finish.

# ACME QUALITY

## PAINTS, ENAMELS, STAINS AND VARNISHES

for the purpose. If you get the Acme Quality Kind you can feel satisfied that you are getting the very best. The Acme Quality Trade Mark on a package of paint, enamel, stain or varnish is like our signature to a check. It means that the largest, best equipped, most scientifically operated paint and varnish plant in the world stands back of that package, assuring you of its perfect fitness for the purpose for which it is recommended. The following four Acme Quality Specialties are excellent examples:

**Finishing Walls**

Acme Quality No-Lustre Finish—A beautiful, lustreless, washable finish for walls and woodwork. Write for color card and descriptive circular.

**House Painting**

Acme Quality House Paint (New Era)—Result of a quarter century of scientific research and practical tests. Write for color card and descriptive circular.

**Finishing Furniture**

Acme Quality Varnish—Best quality stain and varnish combined. For floors, furniture and woodwork. Write for color card and descriptive circular.

**Painting Floors**

Acme Quality Floor Paint (Granite)—Hard, durable, quick-drying floor paint. Saves labor and backache. Write for color card and descriptive circular.

How to Get the Effect You Want. The Acme Quality Text-Book on Paints and Finishes tells how to secure any desired finish on floors, walls, woodwork, furniture or on the outside of the house or barn. It tells how to prepare the surface, what material to use and how to use it. It not only enables you to tell your painter or decorator exactly what you want, but makes it easy for you to refinish the many surfaces about the home that do not require the skill of the expert.

### THE PLAYGROUND ASSOCIATION

Remember the Meeting at the Library Building, at 7:30 Monday Evening.

Attention is again called to the meeting at the library building, at 7:30 tomorrow evening, for the purpose of organizing a playground association. Certainly Jacksonville will not want to be behind in the procession in this great movement, which is prevailing all over the country and is generally admitted to be for the betterment and welfare of the rising generation.

It is better to provide playgrounds and harmless amusement for the children than to take care of criminals and paupers when they grow up. Do not let us be behind in this work.

### ANNUAL EASTER GATHERING.

The Easter supper which is one of the significant and happy events of the year in the Grace church family will be served next Wednesday evening at 6:30 o'clock. The change of date from Tuesday, the time earlier set upon to Wednesday, is necessitated by some delay in preparations occasioned by the crippled telephone service caused by the recent storm. All members of the church and congregation are cordially invited and expected to be present.

### PASSAVANT HOSPITAL VISITORS

Among the visitors at Passavant hospital Saturday were Arthur J. Edwards of Greenfield, Charles Minter of Prentice, W. J. Moore of Winchester, Mrs. Clarence Funk of Murrayville, Paul White of Bluffs and Mrs. U. G. Nolan of Lafayette, Ill.

Mr. and Mrs. Thomas Bush, George Koy, Henry Seymour, August Henry, Thomas Irlam, Dr. G. O. Webster, Benjamin Cade, Dean Crouse, John Murch, Ed attorney were among the Murrayville visitors in the city Saturday.

### FROM CHICAGO.

Frank Correa, the popular West State tailor, received an order yesterday from his old friend, C. C. Cornfeldt, from Chicago, for his spring suit. Mr. Cornfeldt always had his clothes made by Mr. Correa while here and was so well pleased that he sends here for his spring suit.

### MAN BREAKS DOWN.

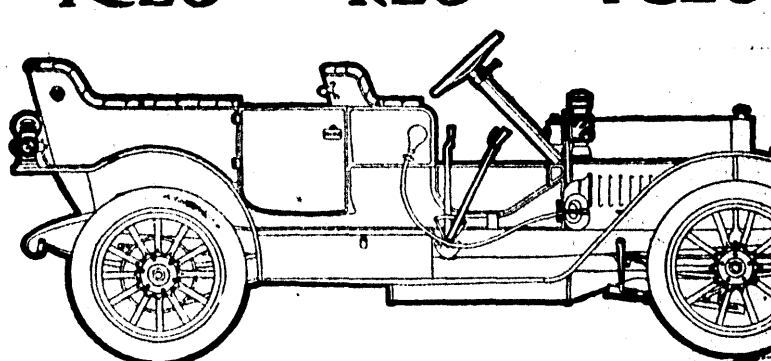

A Strasburg, Pa., man, Martin B. Burkhardt, has just had a remarkable experience. Some months ago he noticed his health falling and in spite of all he could do, soon found himself in that condition which everyone dreads—"general breakdown."

In a letter he says: "It seemed as if my health was ruined and I never would be strong again. Various other medicines did me no good but I began to take Vinol and it has done me a wonderful amount of good. I am now as well as I ever was, have gained twelve pounds, my appetite is good, I sleep soundly and feel like a new man. All credit is due to Vinol." He is only one of many thousands who have been built up to health by our delicious cod liver and iron preparation without oil. All who are broken in health, run-down, weak and nervous, should profit by his experience and regain their health by the use of Vinol. We guarantee that it will build you up and make you strong—your money is given back if it does not. Lee P. Allcott, east side square.

### Mrs. J. C. Leonard

Wife of Lieut. Commander U. S. Navy, believes in Mrs. Mason's hair preparations so much that she had them sent to her all over the world. You can now obtain Mrs. Mason's Old English Shampoo Cream at Lee P. Allcott, east side square, 25c a tube.

### REO REO REO

From the design of the engine to the final test of the complete car—every step of Reo manufacture takes place in one great factory. Every detail is watched and tested. Each material is proved strong as well as careful test can prove it. The same painstaking care and thoroughness is carried on down to the pattern making, the moulding of iron, aluminum, brass and bronze castings and the making of special tools, jigs and fixtures for the manufacture of parts. See this car and you will wonder how such a good car can be sold for so little amount of money.

## TWO YEARS GOOD SERVICE SHOULD MEAN TWO MORE

When Andrew Russel was state treasurer from 1908 to 1910 he devoted his time unreservedly to the duties of that office. He realized to the full the responsibility of his position and the result was evidenced by the great increase in the net profits to the state from his office.

He turned into the state treasury almost \$100,000 as interest on state funds and over \$2,000,000 inheritance tax.

Mr. Russel established civil service in his office and made efficiency the one standard. For 30 years he has been an Illinois banker and he is certainly qualified by experience and training for the post he is seeking. A loyal Republican he has been fighting the battles of his party for years and he is staunch in the faith.

ANDREW RUSSEL.  
Republican Candidate for State Treasurer.

## The Perfect Laxative For Elderly People

Age has its attractions no less than youth in a more serene and quieter life. But it is this very life of rest without sufficient exercise that brings with it those disorders that arise from inactivity. Chief of these are a chronic, persistent constipation.

Most elderly people are troubled in this way, with accompanying symptoms of belching, drowsiness after eating, headaches and general lassitude. Frequently there is difficulty of digesting even light food. Much mental trouble ensues, as it is hard to find a suitable remedy. First of all the advice may be given that elderly people should not use pills, cathartic pills or powders, waters or any of the more violent purgatives. What they need, women as well as men, is a mild laxative tonic, one that is pleasant to take and yet acts without stripping.

The remedy that fills all these requirements, and has in addition tonic properties that strengthen the stomach, liver and bowels, is Dr. Caldwell's Syrup Pepsin, which thousands of elderly people use, to the exclusion of all other remedies. Trustworthy people like Mrs. Katherine Keller, Chatham, Ill., and Benjamin Black, 223 W. Adams St., Chicago, Ill., say they take it at regular intervals and in that way not only maintain general good health, but that they have not in years felt as good as they do now. You will do well to always have a bottle of it in the house. It is good for all the family.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

## Morgan County Should Have One Representative

**Wm. M. Cleary**

Prominent Morgan County Farmer and Lifelong Democrat Seeks Nomination for Representative.

The Democrats of this district, Sangamon and Morgan counties, should nominate one Morgan county man for Representative. This is due Morgan county and it is due the Democratic ticket. It means a more united feeling for the big work next fall, when the real battle is on.

William M. Cleary, the only Democrat from Morgan county seeking the nomination for Representative, is one of the most prominent and prosperous farmers of that county. He is a progressive Democrat and a man who has always been a close student of politics. He is seeking this office because he believes that he is qualified to serve the people of this district. As a citizen he has always been respected and in public office he would strive to serve the people with all the power and strength he possesses. "I am strictly opposed to the Morgan bill."

## CALLS TAFT FARMERS FRIEND

Past Grand Master of National Grange Favors President's Re-nomination—Did Not Agree on Reciprocity Measure.

Nahum J. Bachelder, former governor of New Hampshire and past grand master of the National Grange, to day issued a personal appeal to the farmers, not only of Illinois, but all over the country, to forget the Canadian reciprocity question and to vote for the re-nomination and re-election of President Taft. Former Governor Bachelder is in Illinois to make a number of speeches for the president in the latter's fight for endorsement at the coming preferential presidential primaries on Tuesday next.

Governor Bachelder's appeal is as follows:

"I am a farmer; have always been a farmer and always will be a farmer. I have been grand master of the National Grange and in my official position with that organization was one of the leaders in the fight against the Canadian reciprocity movement. The reciprocity question is dead now. Canada rejected it because it was too advantageous to the United States. Now I ask farmers everywhere to forget that question. Let the dead past bury its dead. There are bigger issues at stake now than the question of whether or not we should have reciprocal relations with the country to the north of us. From a farmer's point of view, despite the stand that he took on the reciprocity question, President Taft is deserving of a re-nomination and re-election. He is the farmer's true friend. The farmers never have had a better friend nor one who looked more carefully after their interests in the white house."

"President Taft has worked for the extension of the rural free delivery routes. He is interested in the work of improving our highways. Colonel Roosevelt has never taken a position on this latter question and I believe he is opposed to it. We owe the establishment of a postal savings bank system to President Taft. He favors the parcel post. These are a few of the reasons why the farmers should align themselves on the side of the president."

"President Taft has been a true president. He has acted by law and not by word of mouth. He has accomplished great things. His record is a note-worthy one."

"Surely the farmers of this great country can afford to overlook the reciprocity question in the light of all that the president has done for them and his country."

## WOMAN'S COLLEGE NOTES.

The open meeting given by the Phi Nu Literary society on Monday night was one of the most enjoyable the society has ever given. All those taking part showed much skill and a great deal of preparation in the numbers which they presented.

On Wednesday morning at chapel the Greetings Board made its formal appearance in honor of the new office which has been opened. Speeches were made by Misses Powell, Reardon, Gates and Moore. After this all the students and faculty were invited to the new office in Barker hall, where they were presented with the April copy of the Greetings and also a souvenir of good will from the Greetings board. The Greetings has been admirably managed ever since its beginning and has never been run at a loss. The new office which they have now occupied is well furnished and will be a great convenience to the members of the board.

On Thursday afternoon at 4:15 Miss Stella Shuff and Lena Hopper gave their graduating recital in voice. Their numbers were well received and greatly enjoyed by the large audience present.

On Friday afternoon at 4:15 Miss Jeannette Taylor gave her graduating recital in expression. This program which she gave has already been published. Miss Taylor's work is thorough and she has been very successful in her chosen profession.

Miss Martha Weaver, the dean, was a judge in the contest in determination in Greenfield on Friday night. She returned Saturday.

The college is just in receipt of a formal notice from Smith college that the preparatory department of the Woman's college has been placed on their accredited list, and that they will accept the graduates of the Woman's college academy without examination.

Miss Mary French has given to the library several volumes of unbound magazines, which we greatly appreciate.

## ILLINOIS COLLEGE NOTES.

The campus improvement committee held a meeting at the home of the chairman, Mrs. T. J. Pltner on Saturday evening. Further donations, including a gift of 500 apples by Mr. Charles C. Camps, were announced to the committee.

Professor W. O. Beal of the department of mathematics will deliver a lecture on "Nebular Hypotheses" at the public library Tuesday evening. The lecture will be illustrated with stereopticon views. It is free to the public and is given under the auspices of the mathematics and Science Teachers' association of Jacksonville. Professor Beal was at one time Fellow in astronomy at the University of Chicago, working especially with Professor Moulton, one of the greatest authorities in the United States on astronomical science.

The plans for the May Fete on May 20 are progressing. The program is arranged and promises to be the most attractive one the college has ever given. An expert instructor from Miss Hinman's School of

Folk Dancing in Chicago has been engaged to train students in the May Fete and other old English dances.

## CONSERVATORY NOTES.

The Illinois college chorus will meet on Thursday evening, April 9, instead of Monday evening at 7 o'clock.

The dates for the two chief concerts of the Spring Festival have been set on the 7th and 10th of May, Tuesday and Friday evenings. A faculty recital will be given on the 10th and the chorus and orchestra concert on the 10th.

This morning Mr. Kritek will play a violin solo, the Meditation from Thais, by Massenet, at the Christian church. The ladies' quartet will sing, with vocal obligato by Mr. Louis Shrewsbury, "The Cherub's Host," from Gault's The Holy City, and at the vesper service the trio from Mendelssohn's "Elijah" will be sung by Misses Hubbel and Hodgson and Mrs. Truman Carter.

Miss Anna Forsythe will play the Aria by Durante at the Christian church, and the Adagio from the Riesz Suite at Grace M. E. church.

**IMPORTANT TO MULE RAISERS.**  
If you will visit Diamond Stock Farm you can see the largest and heaviest boned Jack ever owned in Morgan county—the very best one we could find among a large number that we examined in a large mule raising district in Missouri. One man recently sold 20 of this Jack's colts, coming one year old, to a southern dealer for \$2,200. Come, see him any time EXCEPT SUNDAY.

**WILL ATTEND FUNERAL.**  
John S. Sheppard and daughter, Miss Edna, Mrs. George Parker and daughter, Mrs. Eugene M. Phail and daughters, Misses Alta and Jean McPhail expected to go to Mt. Sterling today to attend the funeral services of Mrs. J. M. Parker.

## NEWS FORECAST FOR THE COMING WEEK.

Washington, D. C. April 6.—Next week will be a very important period in national politics. Before the week is over more than half of the delegates to the Republican national convention will have been chosen, while the list of Democratic delegates will be brought up almost to the half mark.

Presidential preference primaries will be held in Illinois Tuesday. The State is claimed by both Taft and Roosevelt on the Republican side and Wilson, Clark and Harmon on the Democratic side. The same primaries will decide the party selections for United States senators, representatives in Congress and State and county officers.

On Saturday the primaries of both parties will be held in Pennsylvania. The Taft managers claim 54 of the 64 delegates for Taft, and predict also that the 12 delegates at large to be selected by the State convention will be instructed for the president. The Roosevelt managers believe that the Taft estimate is greatly exaggerated. Woodrow Wilson is expected to win the Democratic vote. The Wilson managers go so far as to predict a solid delegation of seventy six for the New Jersey governor.

The New York Democratic convention will meet in New York City, Thursday, but it is not at all certain that the proceedings will divulge the real preference of the leaders for the presidential nomination. New York naturally wants to cast her ninety votes for the winner. At the same time she would prefer what she considers a "safe" man, which, from the New York point of view, means someone other than Woodrow Wilson. Either Harmon or Clark probably would be more acceptable than the New Jersey governor. It is thought likely that under the circumstances New York will make her emotional under instructions for her favorite son, Mayor Gaynor, and not let loose her strength until she can throw it where it will do New York the most good.

The lines will be sharply drawn between the Roosevelt and Taft forces in the State Republican convention of Michigan, which will meet in Bay City on Thursday. All of the Republican delegation in Congress are supporting Taft, while governor Osborn and the strength of the state administration will be on the Roosevelt side.

The State conventions to select the delegates-at-large to the Chicago convention will be held Wednesday in Maine and Vermont. The Republican district conventions in the same States also will be held during the week. Maine is split between Taft and Roosevelt, while Vermont is expected to go for Taft without opposition.

Kentucky Republicans will hold their state and district conventions to select delegates to the national convention. The state is claimed by both Taft and Roosevelt forces.

The Republican State Convention of New York will assemble in Rochester Tuesday to adopt a platform and elect delegates-at-large and alternates-at-large to the national convention. The results of the recent primaries assure the selection of Taft delegates.

The so-called "regular" Republican State Convention of Louisiana will meet in Alexandria Monday and name Taft delegates to the Chicago convention. The Roosevelt followers will hold a state convention late to name a contesting delegation.

William J. Bryan, Governor Dix, Governor Woodrow Wilson and Champ Clark are announced as speakers for the National Democratic Club banquet to be given in New York Saturday evening in celebration of the birthday of Thomas Jefferson.

Outside of the field of politics the events of the week will include the unveiling of a memorial to the Women of the Confederacy in Columbia, S. C., the removal of the remains of Gen. Philip Kearney from Trinity Church cemetery in New York and their reinterment with military ceremonies in Arlington National cemetery; a special meeting in New York of the Episcopal House of Bishops to fill vacancies; the annual session of the central conference of American rabbis in Baltimore; the consecration in Omaha of Rev. P. A. McGovern as Roman Catholic Bishop of Cheyenne; the introduction of the Irish home rule bill in the British House of Commons; the annual convention of the Southern Commercial Congress in Nashville and the meeting of the National Drainage Congress in New Orleans.

Professional baseball for 1912 will begin in earnest with the opening of the National and American leagues. A number of minor leagues also will start their seasons during the week, among them the American Association, Southern League, Cotton States League and Texas League.

**ROOT AND HERB REMEDIES**  
which are nature's cure for disease are not only more reliable and harmless than drugs but modern science has never been able to improve upon them.

Many tons of roots and herbs are used annually in the manufacture of Lydia E. Pinkham's Vegetable Compound, which is known from ocean to ocean as the standard remedy for female ills.

No sick woman will do justice to herself until she has tried it.

**LICENSED TO MARRY.**

## You wash dishes about two hours every day. That's one hour wasted!

Dishes get dirty, greasy and sticky and soap will not clean them. Soapy dish water merely cleans the surface; it doesn't dig into the corners and drive out the decayed food particles.

Gold Dust is the sanitary dish washer. It not only cleans the surface, but digs deep after hidden particles of dirt and kills the germs of decayed food which ordinary dish-water overlooks. Gold Dust sterilizes as well as cleanses.

Besides doing the work better than soap or any other cleanser can, Gold Dust will save just half the time you spend in washing dishes.

Gold Dust is sold in 5c size and large packages. The large package means greater economy.

## Of Course You Will Have a Garden

What is home without a garden? Gardening is a pleasure enjoyed alike by the rich and the poor. It is a health-giving exercise that clears the brain and brings out our best thoughts.

Vegetables that are "out of our own garden" always taste better than any we can buy.

Good tools remove the drudgery and increase the interest. A garden plow is a real help. A hoe that is just right, and other tools that fit, make gardening one of the world's best pastimes.

Not many tools are required but they should be the best.

Decide to-day and let us equip you with all the necessary implements.

When in need of an article in our line do not assume that we do not carry it in stock. Give us a chance to surprise you.

IMPLEMENTS

The New

Deere Gang

The Only Plow That Can Both

## Foot-Lift and Hand-Lift

Besides you'll find that the very name "John Deere" on any plow insures a lasting saving to you in Service and Durability.

There is no plow made that has a better or easier Foot-Lift than the New Deere—and it also has a separate Hand-Lift. It is the only plow that a boy can lift out of the ground while the horses are standing still.

The New Deere Gang is the only plow that can be controlled perfectly while walking. The auxiliary Hand-Lift gives the New Deere five times the lifting leverage found on other makes and you can raise the plow without getting on the seat.

Lifts 7 or 8 inches above ground instantly but easily and is positively the lightest draft plow made. This is due to the peculiar construction of the bottoms. Our longest experience making highest grade plows has taught us where the friction is heaviest, and we have shaped our plow bottoms to give the easiest penetration with the least draft.

Other features of the New Deere Gang are—Adjustable seat—Better steel used in construction throughout—Ease of management—Dust-proof wheel boxes—good high wheels—easy running—axles run in oil. Equal distribution of weight on each wheel. Many other features which we will tell you all about if you write or call on us and see our Deere Line.

JOHN DEERE IMPLEMENTS have won the gold medal—the highest premium—at every World's Fair and National and International Exposition since 1876.
